

Support for Windows 10 Oct 2018 Update

Here you can find out how to get drivers and other Epson software for your Epson product that work with Windows 10 April 2018 Update (v1809).

- Check your Epson product CD to see if it already contains drivers for Windows 10. If the CD indicates support for Windows 10, follow the instructions that came with your Epson product to install the drivers and other software.
- If your Epson CD does not indicate support for Windows 10, please refer to the Drivers and Downloads section of the Support site to obtain new drivers as they become available. Do not insert your Epson product software CD into your computer at this time.
 - To obtain the latest drivers for your product, please visit the following sites:

FAQ

1. Question:
Inbox driver is not installed from plug and play.

Answer:

Inbox driver is not installed from plug and play when no model-specific driver and no Internet Connection and PC-Printer USB connection. Please download and install the model-specific driver.
