TRANSFORM MODERN BUSINESSES WITH SCALABLE MONO PRINTING SOLUTIONS.

Compact, High-Speed A3 Mono Printer for Efficient Workplaces.

The Epson WorkForce Enterprise AM-M5500 is a fast, scalable A3 Mono printer ideal for compact, modern workplaces. Powered by Heat-Free Technology, it reduces power consumption by up to 85%* compared to laser printers. With a print speed of 55ppm, it boosts productivity and lowers operational costs through fewer part and consumable replacements. The printer also offers expandable finishing options, making it highly versatile. Its multifunction capabilities and scalability are perfect for businesses seeking efficiency, cost savings, and eco-conscious solutions.

PRECISIONCORE HEAT-FREE

New A3 Mono Business Inkjet
Offices can maximise productivity with high-speed printing of 55 pages per minute, even in duplex mode.

Heat-Free Printing
Thanks to Epson Heat-Free Technology, it requires lesser power to operate and fewer frequent parts replacements are needed.

Versatile Office Productivity
Boost office efficiency with the versatile AM-M5500, featuring an intuitive interface and a versatile Inner Finisher for stapling, shift sorting, and more.

* Testing was commissioned by Epson and conducted by Keypoint Intelligence. One specific model was selected from color laser multi-function printers in the 65-70ppm class. Epson WorkForce Enterprise WF-C21000 with 100ppm (equivalent model in Europe was used during the evaluation). This data is as of September, 2020. Devices were tested in default mode as per Keypoint Intelligence's proprietary standard energy consumption test methods. Calculations were based on a weekday workload of 2 x 4 hours printing + 16 hours in sleep/standby mode, and weekend energy use of 48 hours in sleep/standby mode. A total of 69 pages of workload test pattern using DOC, XLS, PPT, HTML, PDF files and Outlook email messages were printed six times in each 4-hour printing period.
^ The quoted yields were estimated using ISO/IEC 22505 tests in Default Mode and single-sided continuous printing methodology, using the monochrome test pattern provided in ISO/IEC 19752. Actual yields will be lower with higher-density images, hot or dusty conditions or less frequent printing. Ink cartridge is used for printing and printer/all-in-one maintenance. For print quality, part of the ink from the included cartridge is used for printer startup and a variable amount of ink remains in the cartridge after the "replace cartridge" signal. For more information, visit www.epson.com.sg/inkinfo.
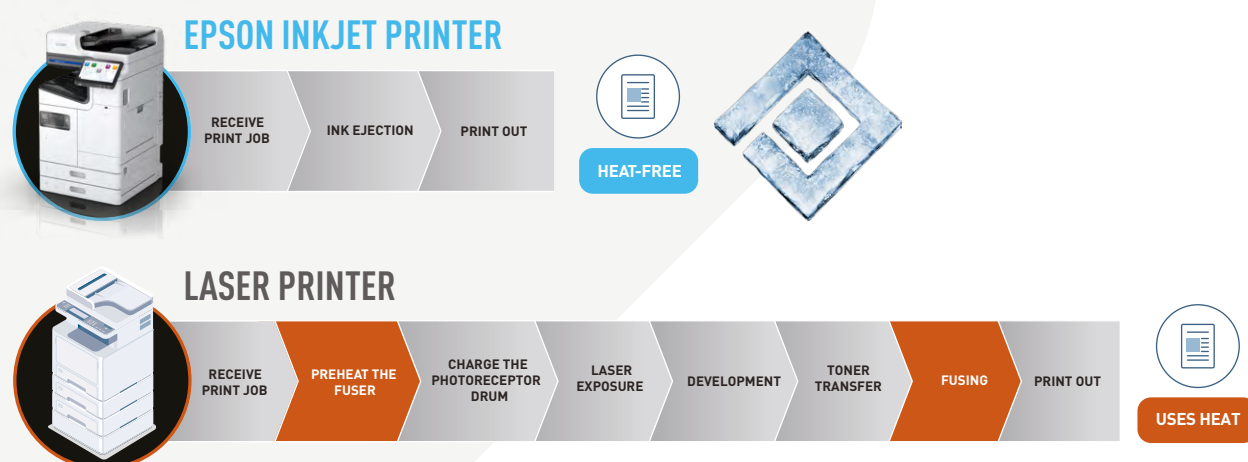

A3 Mono Mid-Range Printing Redefined for Exceptional Compactness and Speed

PrecisionCore Heat-Free Technology

PrecisionCore is the next-generation inkjet printhead technology driving Epson's inkjet resolution. It merges advanced key component technologies, state-of-the-art MEMS* fabrication and high-precision assemble processes honed over decades.

Epson's proprietary Micro Piezo inkjet technology doesn't use heat in the ink ejection process, and it's this Heat-Free Technology that separates our printers from the competition. Epson's Heat-Free printers does not require heat in the ink ejection process. Instead pressure is applied to the Piezo element, which flexes backwards and forwards firing the ink from the printhead.
*MEMS (Micro Electro Mechanical System): Devices processing mechanically driven elements, manufactured through the application of semiconductor processing technology.

EPSON INKJET PRINTER

RECEIVE PRINT JOB → INK EJECTION → PRINT OUT

HEAT-FREE

LASER PRINTER

RECEIVE PRINT JOB → PREHEAT THE FUSER → CHARGE THE PHOTORECEPTOR DRUM → LASER EXPOSURE → DEVELOPMENT → TONER TRANSFER → FUSING → PRINT OUT

USES HEAT

PrecisionCore MicroTFP Print Chip

MicroTFP print chips are the core element of PrecisionCore Heat-Free Technology. By achieving higher precision and greater miniaturisation in Epson's advanced thin film piezo (TFP) technology, the basic performance of this printhead module has been radically improved, and application to a wider range of uses made possible.

The thin film piezo element that drives ink ejection is approximately 1 micron thin (one-hundredth the thickness of a human hair). By closely controlling the voltage applied to such piezo elements, it is possible to fire up to 50,000 shots of ink per second from a single nozzle, to precise positions and in the necessary quantities.

PrecisionCore Linehead

By optimally arraying 30 of these MicroTFP print chips in a diagonal configuration, Epson has developed a compact linehead that boasts about 28,000 active nozzles. This size-conscious core device contributes to reduced space requirements of the product itself, and successfully enables high-speed performance of printing up to 55 pages per minute, within a compact design.

Stress-Free Operability

Epson WorkForce Enterprise AM-M5500 mono printer is perfect for the office, reliably delivering prints at high speeds of up to 55ppm while occupying minimal space. The printers come with space and user-friendly configurations such as a hassle-free front-loading design, transparent ink window, and customisable layout.

New Paper Path Design for Consistent High-speed Printing in Compact Footprint

The new A3 mono linehead inkjet printer series realises a simpler C-shaped paper route path to deliver efficient and consistent high-speed printing. It can print up to 55 pages per minute in both simplex and duplex printing while keeping a compact printer design.

Efficient Document Digitisation
Enjoy impressive scan speeds of up to 70ppm (Simplex) / 140ipm (Duplex). The dual CIS technology allows convenient duplex scanning in a single pass.
Intuitive Operation
The intuitive 10.1" tiltable TFT colour touchscreen panel with a user-friendly interface makes it simple to operate the printer, with customisable settings to suit your needs.

Easy Maintenance
The printer features a wider opening on the right side, allowing for quick removal of jammed paper and hassle-free maintenance.

Eco-Conscious Features
Includes a power consumption monitoring tool, a green leaf icon for duplex printing/copying, and paper-saving capabilities.

Reduce Downtime
Easy front access to both the printer's ink cartridge and maintenance box ensures fast, hassle-free replacement and maximum printer uptime.

Expandable Trays
Easy refill of paper with these cassette trays that can be opened smoothly and effortlessly.

Robust Security Features

Confidential Job
Prevent leakage of confidential information by unattended prints left on the printer by setting a PIN for release on the panel.

IPSec / IP Filtering
Transmit data securely with encryption with IPSec and prevent unauthorised access to the device.

Panel Lock
Prevent users from changing the printer settings by setting an admin password to lock the panel.

Access Control
Prevent unauthorised usage of the printer by account control. Up to 10 user accounts can be set.

LDAP Address Book
Reduce the risk of information leakage due to mistakes in the target recipient's email address.

SSL / TLS
Prevent information leakage by securing communication with SSL/TLS and server validation supporting up to TLS 1.3.

IEEE 802.1X Authentication
Epson devices support IEEE 802.1X Authentication that authenticates each device with a server to connect to a network.

For more information on Security Features, please visit **https://www.epson.com.sg/security-guidebook**

Connectivity Features

Standard Connectivity
The device is equipped with USB 3.0 and Ethernet network connectivity as standard allowing users to share it.

Additional Ethernet Option
Reduce security risks by connecting external devices that need to use the MFP with a separate network.

Wi-Fi Option
Enables flexible placement of the MFP with Wi-Fi connectivity. It also allows up to 8 devices to connect directly to the printer by Wi-Fi direct.

Fax Option
Enable fax capability with the fax option. Up to 3 fax options can be installed to expand the line capability.

Storage Feature with HDD
Improve convenience by storing print data in the internal HDD for convenient reprinting and distribution. Stored data can be downloaded or forwarded to various destinations without the use of additional software.

Upgrade Options Tailored to Your Business Needs

The unit can be upgraded with various options to suit many types of office spaces and work requirements.

Caster Table-P1
- Place the printer in a movable platform

Optional Dual Cassette-P1
- Increases capacity of paper handling with 2 x 500 sheets tray

High-Capacity Tray-P1
- Increases capacity of paper handling with 3,000 sheets tray

Inner Tray-P1
- To sort incoming faxes with an upper tray
- Up to 100 sheets capacity

Authentication Device Table-P2
- To place and secure an authentication card reader

Paper Cassette Lock-P1
- To lock the paper cassettes
- Set of 2
- Padlock is not included

HDD-P1
- Reduce downtime by mirroring the HDD
- 320GB capacity

Stabiliser-P1
- Prevents the printer from falling by improving the stability

Seamless Software Solutions

Take advantage of remote management, customise print options and enjoy seamless compatibility with the Epson WorkForce Enterprise. Integrate these into your existing IT infrastructure to improve productivity and increase efficiency. For more information, please visit www.epson.com.sg/software-solutions.

Epson Solutions Suite

Fleet Management

Epson Device Admin
Enhance IT efficiency with centralised device management and batch deployment. Usage tracking and resource optimisation reduce operation costs, while real-time alerts, remote troubleshooting and firmware upgrades ensure uptime and device security.

Epson Remote Service (ERS)
Enhance IT management efficiency by optimising resources and reducing costs with cloud-based remote monitoring, troubleshooting, alerts and reporting. Simplify rental service workflows with accurate billing, timely notifications and efficient support enabled by proactive maintenance, remote diagnosis and control features.

Print Management

Epson Print Admin
Enforce security with user authentication, secure print release and logs while reducing costs with quotas, print rules and usage reports. Enhance operational efficiency with centralised management, follow-me printing and automatic workflows for while supporting sustainability efforts by reducing waste.

Epson Print Admin – Advanced Workflows
Enable advanced scan features within Epson Print Admin. Convert documents into searchable PDF and index files for quick retrieval. Route documents automatically in a batch with job separation, print and scan directly with integration with business cloud storage.

Epson Print Admin Serverless
Simplify print management without a server, enhance security with user authentication and print release, and boost efficiency through streamlined scan workflows and cloud storage integration. Reduce costs and waste by enforcing quotas and leveraging on activity reports.

Document Management

Document Capture Pro
Automate your scanning tasks with an intuitive interface and customisable workflows. Built-in OCR converts documents into searchable PDFs and editable files, enabling easy indexing and retrieval. Sort documents and upload scanned images directly to cloud storage for collaboration.

Document Capture Pro – Enhanced OCR
Expand the OCR capabilities supporting up to 40 languages with enhanced accuracy. Enable User-defined Indexing functionality, allowing users to capture text and barcodes from multiple areas of a document and export data to a file, streamlining processing workflows.

Epson Open Platform

Expand the capability of the printer by integrating with embedded solutions. Allows ISV to integrate printers into their software for customised solutions.

Printer Options

Erase Red Colour
Removes objects with a red coloration from the scanned image or copy results.

Print Sets
Print or copy documents of various quantities for distribution to different groups and number of members.

OCR Option
Enable built-in OCR functionality directly on the device for Scan to Folder and Email without the need to install software. This option also requires the OCR Unit-P1 option.

IP-Fax
Enables sending and receiving fax through IP address. This choice also requires installation of Super G3/G3 Multi Fax Board option.

Cloud and Mobile Solutions

Epson Connect Services

Epson Email Print
Print to any Email Print enabled printer from any device that can send email, such as your smartphone, tablet or computer.

Remote Print Driver
Print through the internet from any applications with advanced settings on your computer, smartphone or tablet.

Scan to Cloud
Scan and send documents directly to an email address or cloud storage right from the device panel without the need for servers.

Fax to Cloud
Send received faxes directly to an email address or cloud storage.

Mobile App

Epson Smart Panel
Print, copy, and scan directly with your Epson devices through the app from your smart phones and tablets. Setup and trouble shoot issues with step-by-step guide and access to manuals.

Driverless Solutions:
Print and scan on the supported devices without the need to install drivers.
- Apple AirPrint
- Mopria™
- Microsoft Universal Print
- ChromeOS

Printer Software	
Supported Operating Systems	Windows 7 / 8 / 8.1 / 10 / 11, Windows Server 2008 / 2012 / 2016 / 2019 / 2022 / 2025, Mac OS X 10.9.5 or later, macOS 11.x or later
Electrical Specifications	
Rated Voltage	AC 100 – 240V
Rated Frequency	50 – 60 Hz
Typical Electricity Consumption	0.22 kW/h
Power Consumption	
Operating	96 W
Standby	46 W
Sleep	0.9 W
Power Off	0.1 W
Noise Level	
Sound Power / PC Printing / Plain Paper Default[*3]	7.1 B(A)
Sound Pressure / PC Printing / Plain Paper Default[*3]	56 dB(A)
Specs for Innner Finisher-P1	
Output Capacity	Up to 500 sheets (A4, 80 g/m²)
Finisher Functions	Stacking, Shift Sorting, Staple, Hole Punch (requires option)
Staple Capacity	A4 or smaller: up to 50 sheets (60 - 90 g/m²), Larger than A4: up to 30 sheets (60 - 90 g/m²)
Staple Positions	Corner / Opposite Corner / 2 points on side
Support Paper Size for Staple	A3, B4, A4, B5, Letter
Power Consumption	200W
Dimensions (W x D x H) & Weight	466 x 512 x 210 mm, 13 kg
Specs for Staple Finisher-P1	
Output Capacity	Stacker Tray: up to 4,000 sheets (A4, 80 g/m²), Up to 3,000 sheets when Saddle Unit-P1 is installed Tray 2 (for Fax output only): up to 200 sheets (A4, 80 g/m²)
Finisher Functions	Stacking, Shift Sorting, Staple, Manual Staple, Hole Punch (requires option)
Staple Capacity	A4 or smaller: up to 50 sheets (60 - 90 g/m²), Larger than A4: up to 30 sheets (60 - 90 g/m²)
Staple Positions	Corner / Opposite Corner / 2 points on side
Support Paper Size for Staple	A3, B4, A4, B5, Ledger, Letter
Power Consumption	200W
Dimensions (W x D x H) & Weight	681 x 669 x 1,062 mm, 42 kg
Specs for Saddle Unit-P1	
Output Capacity	Stacker Tray: up to 20 booklets (based on 2 - 5 sheets each booklet)
Finisher Functions	Half fold, Tri fold, Saddle stitch
Folding / Tri-fold Capacity	3 sheets (60 - 90 g/m²) / 1 sheet (91 - 105 g/m²)
Saddle Stitch Capacity	20 sheets (60 - 90 g/m²) / 10 sheet (91 - 105 g/m²), Cover sheet (106 - 250 g/m²)
Booklet Paper Size	A3, B4, A4, Letter, Legal, 8K, 11x17in
Supported Paper Weight	60 - 105 g/m²
Power Consumption	220W
Dimensions (W x D x H) & Weight	517 x 407 x 374 mm, 22kg
Specs for Inner Tray-P1	
Output Capacity	Up to 100 sheets (80 g/m²)
Supported Paper Size	A3, B4, A4, B5, A5, Letter, Legal, 11x17in
Supported Paper Weight	60 - 90 g/m²
Specs for 2/4 Hole Punch Unit-P1	
Supported Paper Size	A3, B4, A4, B5, Ledger, Letter
Supported Paper Weight	60 - 250 g/m²
Number of Holes	2 or 4 holes, 80mm intervals
Specs for 2/3 Hole Punch Unit-P1	
Supported Paper Size	A3, B4, A4, B5, Ledger, Letter
Supported Paper Weight	60 - 250 g/m²
Number of Holes	2 or 3 holes, 70mm intervals (US Specifications)
Specs for 2/4 Hole Punch Unit-P2	
Supported Paper Size	A3, B4, A4, B5, Ledger, Letter
Supported Paper Weight	60 - 250 g/m²
Number of Holes	2 or 4 holes, 80mm intervals
Specs for 2/3 Hole Punch Unit-P2	
Supported Paper Size	A3, B4, A4, B5, Ledger, Letter
Supported Paper Weight	60 - 250 g/m²
Number of Holes	2 or 3 holes, 70mm intervals (US Specifications)
Specs for High-Capacity Tray-P1	
Input Capacity	Up to 3,000 sheets (80 g/m²)
Supported Paper Weight	60 – 160 g/m²
Support Paper Size	A4, B5, Letter
Power Consumption	18W
Dimensions (W x D x H) & Weight	351 x 585 x 465 mm, ~25 kg
Specs for Optional Hard Disk	
Storage Capacity	320 GB (Encrypted)
Specs for Optional Wi-Fi	
Network	Wi-Fi (IEEE802.11b/g/n), Wi-Fi Direct (Max 8 devices), WEP (64bit/128bit), WPA2-PSK (TKIP/AES), WPA2-Enterprise, WPA3-SAE (AES), WPA3-Enterprise
Network Protocol	TCP/IPv4, TCP/IPv6

*1 Black and colour print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. For more information, visit www.epson.com.sg/printspeed.
*2 The maximum number of printed pages per month is based on the performance capabilities of the printer, including ISO rated print speeds and paper handling capabilities.
*3 Default mode in accordance with ISO7779.
*4 The quoted yields were estimated using ISO/IEC 22505 tests in Default Mode and single-sided continuous printing methodology, using the monochrome test pattern provided in ISO/IEC 19752. Actual yields will be lower with higher-density images, hot or dusty conditions or less frequent printing. Ink cartridge is used for printing and printer/all-in-one maintenance. For print quality, part of the ink from the included cartridge is used for printer startup and a variable amount of ink remains in the cartridge after the "replace cartridge" signal. For more information, visit www.epson.com.sg/inkinfo.

Shaping the future of printing with Heat-Free Technology

Epson Business Inkjet Printers make the sustainable choice simple. They combine eco-conscious technology with efficient features, helping you easily balance performance, business costs, and environmental impact. With power-saving Heat-Free Technology and high productivity, our Business Inkjet Printers can help you save energy, time, and money.

Save time with consistent high speed printing

No heat is required for warm-up, allowing the printer to print immediately.

With the use of Line Inkjet technology, high-speed printing of up to 55 pages per minute is possible even for duplex printing.

Less power consumption saves energy and money

With no fuser unit to heat, reduce energy consumption by **up to 85%*** compared to laser printers, resulting in cost savings for electricity bills.

Fewer replacement parts, lower environmental impact

Uses **up to 59%** fewer replacement parts** than laser printers.

No heat damage to the printhead.

Less intervention increases productivity

With fewer parts to replace and printheads that last longer, the amount of intervention is minimised, providing improved reliability and reduced downtime.

Lower Environmental Impact

Constructed with up to 30%^ recycled plastic and packaged in 80% recycled paper, this printer offers impressive sustainability without compromising on size or performance — making it a smart, eco-friendly choice for businesses.

^The usage ratio of recycled plastic could change depending on the procurement status of raw materials.

Certified Environmental Performance

Epson is committed to developing environmentally conscious products, which means that sustainability is considered from conception to completion. Our Epson WorkForce Enterprise Printers comply with some of the world's most stringent environmental certification standards. We offer sustainable innovations because we recognise that the choices we make as organisations, individuals or a society will be essential to our shared success.

Singapore Green Label and Blue Angel Mark have been approved for AM-C4000/C5000/C6000. Japan Eco Mark has also been approved for AM-C4000/C5000/C6000.
