

DEBUNKING THE MYTHS ABOUT HOME PROJECTORS

MYTH 1

A television is just as good as a projector.

TRUTH

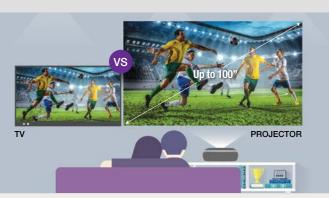

It is much less stressful on your eyes from a projection screen than the television screen thanks to a weaker light reflection. Plus, you get to experience the same thrilling big-screen experience in the comfort of your own home.

MYTH 4

I need a blank wall.

TRUTH

You could easily have a pull-down screen or a portable screen that can be kept away when it is not in use.

MYTH 2

Projectors and its maintenance are expensive.

TRUTH

Depending on your needs, you can choose between laser or lamp projectors, and before you know it, you have your money back from saving all those trips to the cinema with our wallet-friendly home projectors! Also, expensive lamps replacements are a thing of the past. With a laser light hours of up to 20,000 hours, you can indulge in a 5-hour movie marathon daily for 2.5 years before you need a lamp change!

Maintenance Free Hours*

* For selected laser models only

MYTH 3

Projector screens are too big to use in small homes.

TRUTH

You can easily adjust the screen size from 60-inches to more than 100-inches, placing our home projectors at a distance of 0.26m to 3m from the wall

MYTH 5

A dark room is needed.

TRUTH

Dark or bright room, you can still enjoy the show with our range of home projectors thanks to its white and colour brightness of up to 4.000 lumens!

MYTH 6

Troublesome installation.

TRUTH

Set up anywhere in the room and connect Epson's home projectors to your smart devices to start that cinematic experience!

HOME THEATRE PROJECTORS EF-100 SERIES/EH-TW750 EH-TW7000/LS500B/TW5650 EH-TW7400/TW9400

Want to host your own movie nights with family and friends? Simply connect your streaming devices to Epson home entertainment projectors and bring cinematic screenings right into your house. Thanks to the weaker light reflection from projectors as opposed to the conventional TV screens, your eyes are no longer feeling the strain even after a movie marathon!

* For selected models only. 4K Enhancement Technology shifts each pixel diagonally to double Full HD resolution. Resolution is Full HD in 3D Mode.

BRINGING THE DETAILS CLOSER TO YOU.

IT'S IN THE DETAILS.

3LCD technology that delivers quality projected images and reliable performance.

Recreating the cinema right at home

Your perfect companion for that ultimate home entertainment experience.

¹ For EF-100 series and EH-LS500B only. ² For EH-LS500B, EH-TW5650/TW7400only. ³ For EH-TW7000/LS500B/TW7400/TW9400 only. ⁴ For EF-100 series, EH-TW750/LS500B/TW5650 only. ⁵ For EF-100 series, EH-TW750/LS500B/TW5650 only.

High definition Stunning image quality

It is no longer an impossible feat to recreate that cinematic adventure in your own home with Epson's range of home entertainment projectors. Enjoy a truly captivating, detail-packed experience right from the comfort of your couch.

Truly flexible Project however wherever

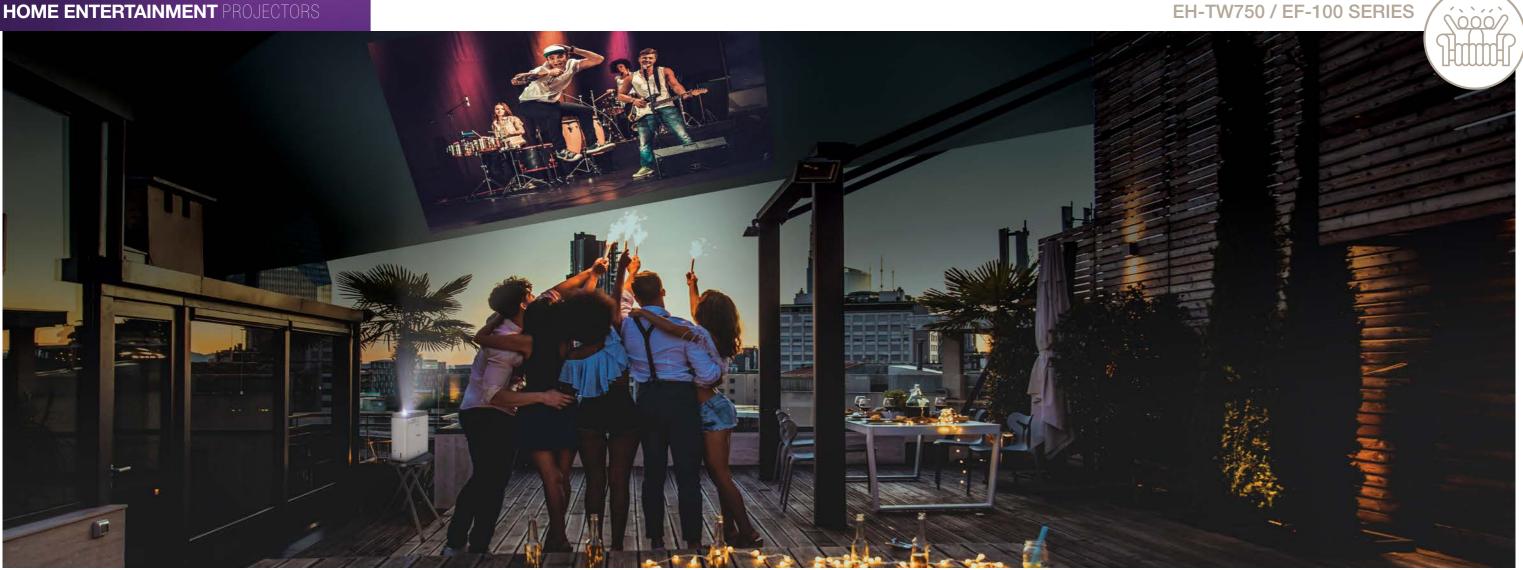

Our stylish and compact home entertainment projectors are designed with the aim to blend in with the aesthetics of your room easily. With flexible screen sizes and keystone correction functions, you can now place the projector anywhere in your living room and still enjoy a perfect vivid projection.

Plug-and-play Smart projectors

Home entertainment more accessible now than ever. Simply plug any of your streaming devices to the projector via a multitude of connections including HDMI to begin.

Up close and personal on the actions

Bringing the actions closer to you with a bigger viewing screen, topped with high contrast images that bring forth a vivid viewing experience, you can now enjoy your favourite shows without compromising on its quality right in your living room.

EH-TW750 | EF-100W | EF-100B

High contrast ratio

Feast your eyes on beautifully projected well-defined images and videos regardless of ambient light, all thanks to Epson's Auto Iris Technology, which provides optimum contrast and brightness for each scene.

Fuss-free installation

A quick, fuss-free, and user-friendly installation process, you are just a few steps away from your next movie with Epson's home entertainment projectors. Thanks to the inbuilt horizontal and vertical keystone corrections, you can make use of the 360-degree installation and place the projector anywhere you want in the room. Now, are you ready to marvel at brilliant and vivid images right in the comfort of your house?

Entertainment on-the-go

Gone are the days where you have to specifically clear up space to fit your home projectors! You can now carry these compact projectors from room to room, connect them with Miracast on your smart devices, and revel in the exhilarating theatre experience anywhere you are.

Low contrast ratio

Flexible placement

Stunning match for your living room

With fuss-free installation and the ability to project from anywhere, it is time to ditch the TV for Epson's range of chic living room projectors and take your viewing to the next level.

Lens shift & 1.6 zoom lens¹

You can now enjoy a wide range of placement possibilities with Epson's living room projectors thanks to the broad vertical shift and its in-built 1.6x zoom lens. Be ready to marvel at the screen size of 100-inch² at your next movie night!

Laser TV experience

Filtering light by 90% using the using Epson's own Ambient Light Rejection screen³, you can now relish in a 100-inch Laser TV-like viewing experience in both a well-lighted and a darker room environment.

Minimal space required

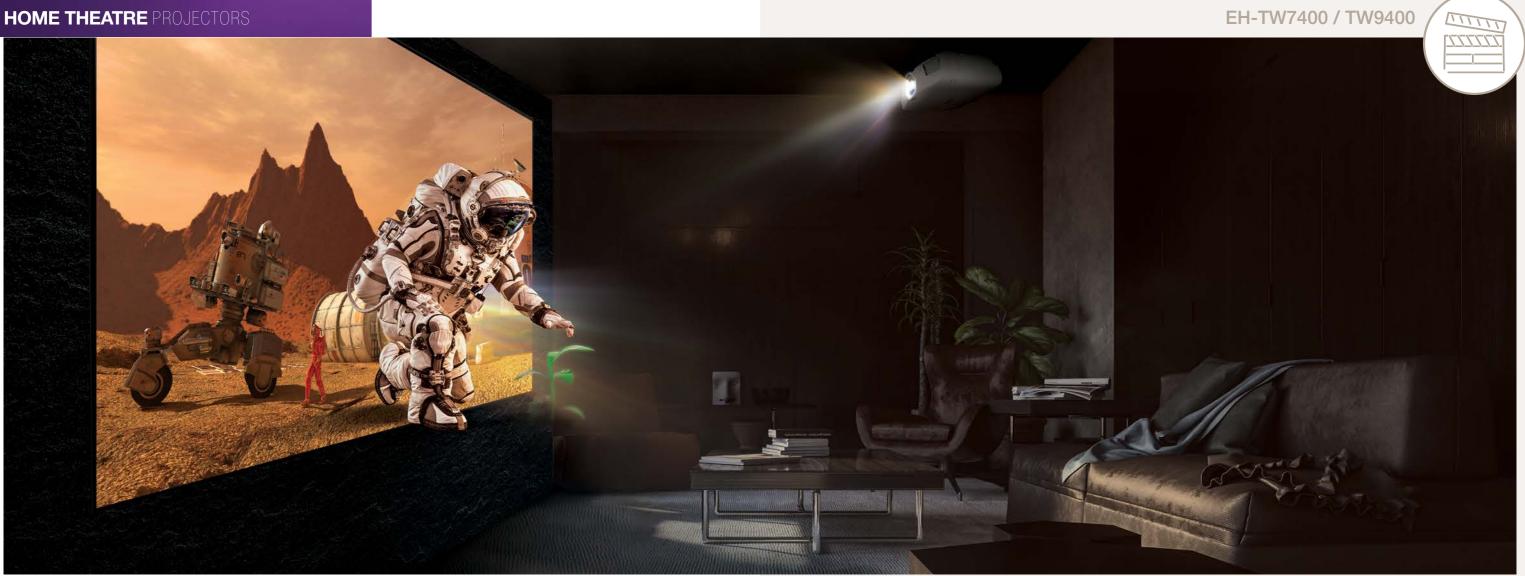

Have the flexibility to place your Epson's EH-LS500B's ultrashort-throw projector right below the screen, giving you a bigger image in a smaller space, and eliminating the need to mount it on the ceiling or a tabletop. Now, you can relish in the highly immersive viewing experience without worrying about shadows or disruptions.

> ¹ For EH-TW5650 and EH-TW7000 only. ² Projected screen size for EH-LS500B is up to 130", EH-TW5650 is up to 300" and EH-TW7000 is up to 500". ³ Ambient Light Rejection (ALR) screen only works on ultra-short throw projectors (EH-LS500B).

Epson Ambient Light Rejecting Screen

Dynamic realism in every scene

Be it for bingeing on dramas, hosting a movie night, gaming with friends, or watching fast-paced sporting events, images are sure to pop off the screen with our state-of-the-art projectors. Every director wishes their home viewers own a projector as good as Epson's very own range of home theatre projectors.

EH-TW7400 | EH-TW9400

4K PRO-UHD technology

Surpassing Full HD image quality and giving you exceptional sharpness, clarity, and detail in every image projected, the 4K PRO-UHD technology works by shifting each pixel diagonally by 0.5 pixels, doubling the resolution to 3840 x 2160 and bringing you double that enjoyment.

Enhanced HDR function

Marvel in more vibrant, impactful, and sharper images with the enhanced High Dynamic Range (HDR) function. With the wider HDR10 parameter range and 18Gbps support, you can now adjust the brightness and gradation of projected images with greater detail and accuracy.

Features orientated

Epson knows what you want in your home theatre projectors. Pick and customise your viewing experience with a range of features ranging from 3D capabilities, Picture-in-Picture (PiP)**, to Image Enhancement such as Frame Interpolation, Details Enhancement, 4K Enhancement, and Cinema Filter.

4K PRO-UHD

Picture-inPicture (PiP) function.

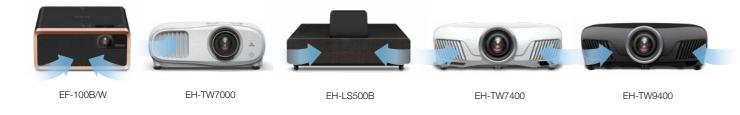

Wide-range connectivity Except EF-100 Series

Home entertainment is now made more accessible than ever! Epson's own range of projectors allows integrated support for multiple connection methods including HDMI connection to suit a wide range of entertainment devices.

Compact design for easy ventilation Except EH-TW750 and EH-TW5650

The sleek and compact designs of Epson's home entertainment projectors allow you to easily install them even in the narrowest of spaces. With air intake valves positioned at the front, you will no longer have to worry about ventilation.

Air intake

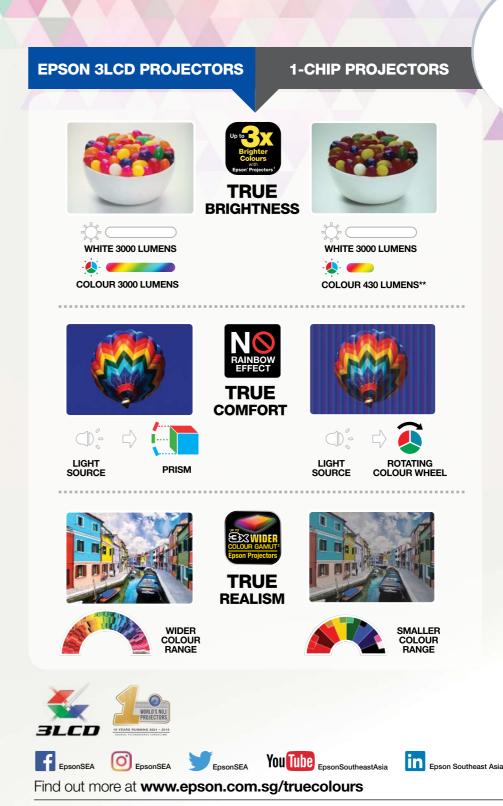

Projecting high contrast, vivid images smoothly is made convenient with the wireless transmission feature in our projectors. With the optional Wi-Fi adaptor and the iProjection app, you can now project images directly from Android and Apple iOS smart devices, PCs and even laptops.

PROJECTOR WISHES COME TRUE.

Leading Epson business and education projectors vs. leading 1-chip DLP® projectors, selected according to NPD data as of July 2015. Based on U.S. research conducted by Radius Research. ese lumen statistic can be found at www.colorlightoutput.c

Color brightness(color light output) in brightest mode, measured by a third-party lab in accordance with IDMS 15.4. Color brightness will vary depending on usage conditions. Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP® projectors based on NPD sales data for May 2017 – April 2018.
 Gamut volume in brightest mode, measured by a third-party lab in 3D in the CIE L*a*b* coordinate space. Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP® projectors based on NPD sales data for May 2017 – April 2018.

With 3LCD panels, every projection gives you spectacular true colours.

HOME THEATRE PROJECTORS SPECIFICATIONS EH-TW7400/TW9400

MODEL NUMBER Projection Technology		EH-TW7400	EH-TW
		RGB liquid crystal shutter projection system	
Specifications			
-			
LCD	Size	0.74" wide panel with MLA (C ² Fine)	
	Native Resolution	1080p	
Projection Lens	Туре	Power Zoom, Power Focus	
	F-Number	2.0 - 3.0	
	Focal Length	22.5 – 46.7 mm	
	Zoom Ratio	1-2.1	
	Throw Ratio	1.35 – 2.84	
Lightsource	Type	Lamp: 250 W UHE	
Lightsource	21		
	Lamp Life*1	High: 3,500 / Medium: 4,000 / Eco: 5,000 hours	
	ojected Distance)		
Zoom: Wide		50" to 300" [1.48 to 9.08 m]	
Zoom: Tele		50" to 300" [3.13 to 18.99 m]	
Standard Size		100" screen 3.00 to 6.30 m	
Brightness ^{*2}			
Colour Light Out	out	2,400 lm	2,600 1
-			
·	ut (Normal / Eco)	_ 2,400 lm / 590 lm	2,600 1
Contrast Ratio		200,000:1	1,200,0
Geometric Cor	rection		
Vertical Keystone)	±30 degrees	
Lens Shift Rang			
Vertical Lens Shi	-	±96.3 % (H Center, Powered)	
Horizontal Lens S	SNIIT	±47.1 % (V Center, Powered)	
Connectivity			
Analog Input	D-Sub 15Pin	1 (Blue)	
Digital Input	HDMI	2 (HDMI 1 - HDCP 2.2, HDMI 2 - HDCP 1.4)	2 (HDC
USB Interface	USB Type A	2 (Right USB: Wireless LAN, Firmware Update, Copy OSE	
		(Left USB: Opt. HDMI cable with 300mA power supply)	Securigo
0 1 1/2	USB Type B	USB Mini-B x 1 (For Service and Firmware Update)	
Control I/O	RS-232C	D-Sub 9pin x 1	
	Trigger Out (12V)	3.5mm Mini Jack x 1	
Network	Wired LAN	RJ45 x 1	
	Wireless	Optional (ELPAP10)	
Wireless Sneat	fications (Wireless LAN)		
-		IEEE 802 11b /2 /(CHz): 11 Mboo3	
Supported Spee	d For Each Mode	IEEE 802.11b (2.4GHz): 11 Mbps ⁻³	
		IEEE 802.11g (2.4GHz): 54 Mbps ⁻³	
		IEEE 802.11n (2.4GHz): 130 Mbps ^{*3}	
Supported Connection Mode Wireless LAN Security		Infrastructure, Access Point	
		Quick Mode: OPEN, WPA2-PSK	
		Advanced Mode: OPEN, WPA/WPA2-PSK	
Adjustment Fu	nctions		
Picture In Picture		Yes	N/A
Aspect Mode		Yes (Auto / Normal / Full / Zoom)	Yes (Au
