DEBUNKING THE MYTHS ABOUT HOME PROJECTORS

A television is just as good as a projector.

It is much less stressful on your eyes from a projection screen than the television screen thanks to a more gentle light reflection. Plus, you get to experience the same thrilling big-screen experience in the comfort of your own home.

I need a blank wall.

You could easily have a pull-down screen or a portable screen that can be kept away when it is not in use.

Projectors and its maintenance are expensive.

Depending on your needs, you can choose between laser or lamp projectors, and before you know it, you have your money back from saving all those trips to the cinema with our wallet-friendly home projectors! Also, expensive lamps replacements are a thing of the past. With a laser light hours of up to 20,000 hours, you can indulge in a 5-hour movie marathon daily for more than 10 years.

Maintenance Free Hours*

* For selected laser models only

A dark room is needed.

Dark or bright room, you can still enjoy the show with our range of home projectors thanks to its white and colour brightness of up to 4,000 lumens!

A projection screen is too big for your home?

You can easily adjust the screen size from 60-inches to more than 100-inches, placing our home projectors at a distance of 0.26m to 3m

Troublesome installation.

Simply turn on the power and be entertained instantly by the built-in Android TV on your smart projector.

HOME THEATRE PROJECTORS

EpiqVision Series EH-TW750/TW5820/TW7000 EH-TW7400/TW9400

androidtv

Dive right into a cinematic experience with Epson's series of home entertainment projectors.

Start watching your favourite shows with the built-in Android TV* and Chromecast, complete with 4K image quality. Enjoy movie marathons with less ton on the eyes, thanks to the gentler light reflection from projector. Hosting movie nights with friends and family, or even binge watching your favourite dramas are now more enjoyable and convenient with Epson's range of home entertainment projectors.

Exceptional Image Quality

Watch as every scene come alive at stunning true-to-life quality, lit up in vivid colours.

Smart Media Player Function

Explore a world of unlimited entertainment with the built-in Android TV and Chromecast

All-in-One Entertainment

Experience the perfect balance of visual and sound, encapsulated in a compact and stylish design.

^{*} Selected models only. Projector's resolution and features vary with selected the model only.

Google, Google Home, Chromecast Built-in, Android TV and other related marks and logos are trademarks of Google LLC. 4K Enhancement Technology shifts each pixel diagonally to double Full HD resolution. Resolution is Full HD in 3D Mode

High definition

Stunning image quality

It is no longer impossible to recreate that cinematic adventure in your own home with Epson's range of home projectors. Enjoy a truly captivating, detail-packed experience right from the comfort of your couch.

Plug-and-play

Fuss-free set up

All you need is to plug in the power and your entertainment begins. Home entertainment is made more accessible and fuss-free with Epson's EpiqVision projectors, which come ready with built-in Android TV function.*

*Selected models only.

Flexible Screen Size

High Contrast Ratio

Smart Device Wireless*

Truly flexible

Project however wherever

Our stylish and compact home entertainment projectors are designed with the aim to blend in with the aesthetics of your room easily. With flexible screen sizes and keystone correction functions, you can now place the projector anywhere in your living room and still enjoy a perfect vivid projection.

Up close and personal

Bringing the actions closer to you with a bigger viewing screen, you can also stream to your heart's content with Android TV* now. Indulge in high contrast videos that bring forth a vivid viewing experience, enjoy your favourite shows without compromising on its quality whenever you are.

EpiqVision Mini

EF-100B ATV

EF-12

Lightweight and **Portable**

As light as 1.2kg*, you now have the flexibility and convenience to bring the projector around the house, setting it up at any corner of your living space, and start watching the latest shows with your family and friends.

Get Connected Virtually

Simply start up your projector and begin video conferencing with no additional fuss. Conduct virtual calls with your friends and family by simply connecting your USB webcams**.

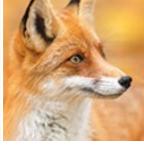

*Weight reference for EpiqVision MiniEF-11. **For EpiqVision Mini EF-12. Check compatible webcam listing on our website.

Brilliant and Sharp HDR10-Compatible

Except EH-TW750 and EF-11

Compatible with High Dynamic Range content, revel in crisp, detailed, and realistic images with enhanced details on your Epson ultra lifestyle projectors. Now you can enjoy an optimal viewing experience with prime picture quality for all your favorite shows.

With HDR Function

Without HDR Function

Cinematic Sound Experience with Built-in Yamaha Speaker

EpigVision Mini EF-12 Only

Party as if you are there in person! Immerse in rich audio with the built-in Yamaha speaker, or use it as a standalone bluetooth speaker for your music while you chill.

Get more done with voice control on and roidtv

Press the **mic button** on the remote to get star

Explore a plethora of entertainment possibilities with the android TV and Chromecast built-ins. With the intuitive integrated UI and Voice Control function**, you can now do more with Google Assistant. Simply connect to the Wi-Fi and your favourite content is just a voice command away.

Z Ø

Unlimited entertainment

Start a new drama, binge-watch your favourite movies, or stream the latest hits simply with a voice command.

Plan your day

Manage your calendar, flight information, daily commute and more with your smart projector.

Wealth of information

Learn more about the shows you are watching. Ask about your favourite movies, actors, or even get the latest scoring status for your favourite teams.

Seamless control at home

Adjust the temperature, lighting, home security and more, simply with your voice via compatible smart home devices.

Chromecast built-in

Google, Google Home, Chromecast Built-in, Android TV and other related marks and logos are trademarks of Google LLC. Chromecast is available for iOS or Android devices, Mac or Windows computer or Chromebook. Available for selected model. "Voice control is applicable to Android TV only.

Vibrant, Dyamic and Performance.

¹ Using third party application. ² Support up to 4K/60Hz 4:2:0.

Aesthetically pleasing no matter where you place it

Take your home viewing experience to the next level with Epson's Android TV ready line up*. Chill and stream endless entertainment contents online using Android TV from the comfort of your living room.

EH-TW5820

EpiqVision Ultra

EH-LS500B

Immersive and Frameless Large Sized Display

Maximize your on-screen entertainment with these feature-packed projectors, providing a frameless capability by breaking image size constraints. Your best alternative for home entertainment, projecting up to a 500-inch[^] screen size – much larger than what a conventional TV screen can provide.

Accessories that Complement ELPSC35 ALR Screen For EpigVision Ultra EH-LS300B & EH-LS500B

Bask in a cinematic experience right at home with 4K PRO-UHD² content on the ELPSC35 ALR Screen. With the ambiance light rejecting ability, be impressed by the vibrant and realistic images with better contrasts and deeper blacks enhanced for your viewing pleasure.

Well Lighted Environment Dark Room Environment

Flexible Placement Optimal Placement

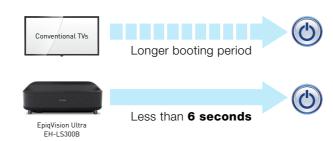

These sleek and compact projectors blend in seamlessly anywhere in your living space. Choose a projector that fits your requirement from the wide range of choices.

Plug-and-Play Quick Start-Up

For EH-LS300B and EH-LS500B

You no longer have to wait to boot your EpiqVision series projectors up to begin watching your favourite shows. With the shorter start-up time compared to a traditional TV set-up, enjoy your favourite shows with a simple click on the remote.

Fine-tune your sound experience with YAMAHA speaker EpiqVision Ultra EH-LS300B Only

Bask in a multi-dimensional true sound with 3D surround, designed with YAMAHA's unique DSP processing technology – AudioEngine™. Striking a careful balance and delivering controlled beams of sound, you can now immerse in spectacularly powerful and supreme sound quality, regardless of whether it is a clear acoustic sound or rich bass music.

Choose the most suitable music mode based on the content you are playing:

For Sports

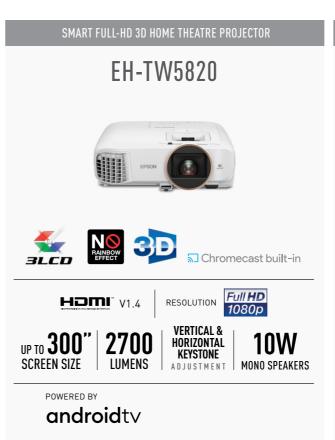

sound by **YAMAHA**

Flexible, Immersive Projection.

¹ Support up to 4K/60Hz 4:2:0.

Dynamic realism in every scene

Be it hosting a movie night or gaming with friends, enjoy cinematic experiences like never before. Build your very own home theatre and bring images to life with the 4K PRO-UHD display.

EH-TW7400

EH-TW9400

High-definition Images 4K PRO-UHD

Epson 4K PRO-UHD projectors use our proprietary, an advanced pixel-shifting resolution-enhancement technology, to display native 4K content. Expect an exceptional 4K experience with Wide Color Gamut, HDR High Dynamic Range, and 100% Balanced Color Brightness.

Exceptional Brilliancy Ultra-wide Colour Gamut

The ultra-wide colour gamut increases the range of lifelike colour, while the high contrast ratio delivers deep blacks for defined detail in the shadows.

Control Your Viewing Motorised Lens

Equipped with motorised lens, the Epson home projectors allow up to 10 preset positions for zoom, focus and lens shift at both standard projections and wide cinema ratios. Easily change the aspect ratio to fit the type of content you are viewing for the optimal viewing experience.

2.35.1 Cinema Scope Size

Revealing The Best

Digital Image Processor

Fitted with a powerful processor that faithfully reproduces the source material the way it was intended to be shown, enjoy smooth tonal transitions thanks to realtime 12-bit analog-to-digital video processing. Presenting a spectacular visual performance, the processor eliminates banding, blocking, and other compression artifacts.

Without enhancement

Enhanced with Digital Image Processor

Breathtaking Contrast with HDR (High Dynamic Range)

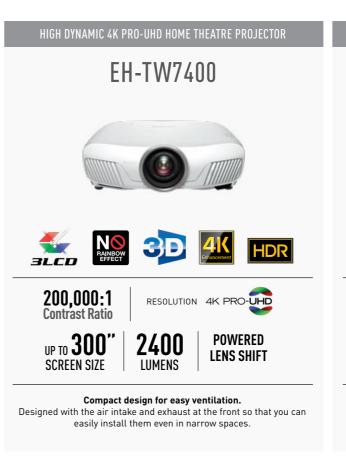

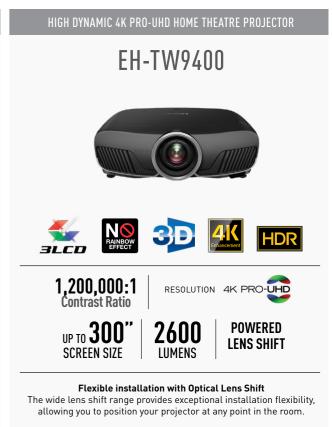

Embrace brilliant colours and sharper images with the enhanced High Dynamic Range (HDR) function. You can adjust the brightness and gradation of projected images with greater detail and accuracy, thanks to the wider HDR10* parameter range and 18Gbps support, even for 4K/60p* HDR contents.

The "Auto" settings under the improved HDR user interface will "automatically" detect and switch between SDR, HDR10* and Hybrid Log Gamma (HLG)* settings.

Phenomenal Brilliance.

Unleash the potentials with the different ${f Colour}$ ${f Modes}$

Calibrated to suit your viewing environment and contents, discover the possibilities with different colour modes.

Dynamic mode

Enjoy vivid image quality during the day without dimming the lights.

Cinema mode

Indulge in an authentic cinematic experience in the comfort of your home.

3D cinema

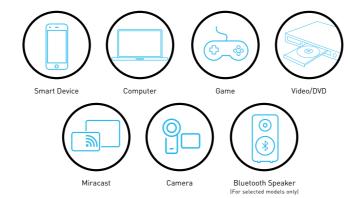

Bring your videos to life with 3D projections right at home.

Wide Range of **Connectivity**

Home entertainment is now made more accessible than ever! Epson's own range of projectors allows integrated support for multiple connection methods including HDMI connection to suit a wide range of entertainment devices.

Compact Design for

Easy Ventilation

EpigVision Ultra EH-LS300B

EH-TW9400

The sleek and compact designs of Epson's home entertainment projectors allow you to easily install them even in the narrowest of spaces. With air intake valves positioned at the front, you will no longer have to worry about ventilation.

EpiqVision Ultra EH-LS500B

Optional Wireless Projection*

EH-TW7400

Projecting high contrast, vivid images smoothly is made convenient with the wireless transmission feature in our projectors. With the optional Wi-Fi adaptor[^] and the iProjection app, you can now project images directly from Android and Apple iOS smart devices, PCs and even laptops.

* Except EpiqVision Mini EF-11 and EF-12, EH-TW5820 and EpiqVision Ultra EH-LS300B.

^ Except for EH-TW750.
