

At Epson, we focus on the details. Epson passbook printers are a definite sleek and sound investment for your organisation. Based on Epson's experience in delivering industry-standard solutions, these printers help you run and grow your business and stay in control of your operations. With the flexible and versatile PLQ-35/50 series passbook printers, you can increase service productivity and operational efficiency while maintaining a low total cost of ownership. For multifunctional requirement, opt for the PLQ-50CSM passbook printer, which revolutionises document processing.

Printir

Colour LED Co Control Panel

Power

1.44" Colour LED Control Panel

With the new feature of 1.44" colour LED control panel* for easy settings, configuration and checking printer status without wasting paper.

Fast Print Speed

Maximise productivity with faster printing speed of up to 630 cps (10 cpi)

Enhanced Reliability

Better reliability with printhead life up to 600 millions strokes/wire (in characters) and mean-time-between failure (MTBF) of up to 35,000 POH (power on hours).

DOT MATRIX PRINTERS

PASSBOOK PRINTERS PLQ-35/50/50M

Astounding Speeds

Accomplish more, in shorter periods of time with high print speed of up to 630 cps (10cpi). Epson PLQ-35/50 series step-up print speeds through automatic sheet alignment, automatic printhead adjustment, and automatic page border features so you can enjoy hassle-free productivity that surpasses expectations.

Reliability

Built to last, the PLQ-35/50 series will continue to perform consistently, even in the most demanding of environments. Waste no time on maintenance with a remarkably high Mean Volume Between Failures (MVBF) of 7 million lines, amazing Mean Time Before Failure (MTBF) of 35,000 power-on hours, and a printhead life of up to 600 million strokes/wire (in characters).

Versatility

The PLQ-35/50 series printers are not only the ideal choice for passbook printing; their versatility also accommodates a wide variety of printing needs.

One of the key advantages of the PLQ-35/50 series is the ability to print on a variety of media that is used in financial institutions and government departments. These include passbooks of up to 2.6mm thickness, banking slips, visas, forms, receipts, tickets and a variety of other official documents.

Additionally, a myriad of options is readily available to suit a variety of business needs, including continuous paper feeding, cut-sheets and label printing. The printers also make multi-copy printing simple, with 1+6 copies of carbon printing for data archiving and duplicates.

Seamless Integration

Epson PLQ-35/50 series suits existing IT infrastructure with the ability to emulate IBM, Wincor and Olivetti control code. The printers come with Parallel, Serial, and USB interfaces that can conveniently integrate the printers into your existing systems.

Fuss-free and Easy

Enjoy fuss-free operations with the 1.44" colour LED screen control panel* that allows print setting to be changed easily without paper wastage. The printers user-friendly maintenance capabilities such as simple ribbon changing procedure helps to reduce costly and time-consuming IT support.

*PLQ-50/50M/50CSM only

Low Total Cost of Ownership

The benefits of high productivity and low ribbon yield, coupled with low service maintenance, results in a much reduced total cost of ownership. With a ribbon life of up to 10 million characters yield, ribbons on the PLQ-35/50 series of printers are longer lasting than conventional printers.

Smart Functionality

Auto Platen Gap Adjustment

The automated moving platen and roller-equipped printhead enable the PLQ-35/50 to accept a variety of media thickness.

Auto Sheet Alignment

Photo sensors detect and automatically instruct the paper feed roller to realign any misfed documents.

Auto Border Function

A paper width detector intelligently enables printing at the same distance from the paper edge wherever the paper is set within the paper tray. Paper widths are also automatically detected to ensure printing at the proper position on the fed material.

Consistent High Quality Prints

Epson products and genuine supplies work together in perfect synergy to give you peace of mind with optimal quality printouts.

Epson genuine ribbons ensure greater yield, better quality and longer product lifespan over time.

All-in-One Convenience

Eliminate storage and transportation needs with the PLQ-50CSM printer. Equipped with the abilities of ID photo card scan and Magnetic Stripe Reader/Writer (MSRW), you have the perfect product for all front desk operations while you save space, time, and costs with digitisation

Easy Feed for Perfect Scans

Epson PLQ-50CSM printer has the ability to detect and correct slanted documents through a variety of document sizes and materials (e.g. from a passbook to an ID photo card). Its skew adjustment function and smart paper-position detector ensure that every scan you make is perfectly aligned.

Invoice feeder

Advanced Scanning Capabilities

You can easily process bill payments for your customers with the printer's advanced scanning capabilities. The device is able to enhance characters that are on a background image and improve the readability of characters with the Text Enhancement function. Aside from simple scanning jobs, the PLQ-50CSM printer allows you to scan and then crop a document to create images of the necessary portion of a document.

Feature: Text Enhancement

Epson offers an extensive array of POS printers and transaction terminals for the retail and financial markets.

Epson is the leading provider of image-based electronic check implementations. Epson has taken a leadership position in the transformation of check payments from the physical to the digital taking advantage of ACH, Check 21, and Image Exchange platforms.
