

AESTHETICALLY PLEASING IN EVERYWAY

EH-LS500B

Home Entertainment Projector

IT'S IN THE DETAILS. 3LCD technology that delivers quality projected images and reliable performance.

Fuss-free Installation

Width: 2,880mm

Coupled with Epson's unique ultra short-throw lens, this sleek and compact design of EH-LS500B allows you to project up to 130-inch of bright and vivid images, right from your TV console. It comes with a built-in speaker that provides you the opportunity to be immersed in a breathtaking cinematic experience at the comfort of your home.

Screen-less Experience

Height:

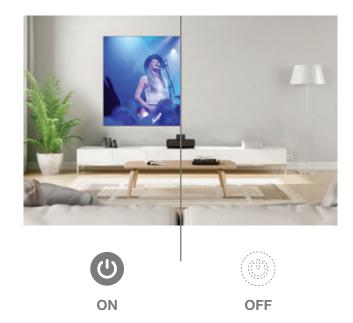

1,620mm

Diagonal: 130"

584mm

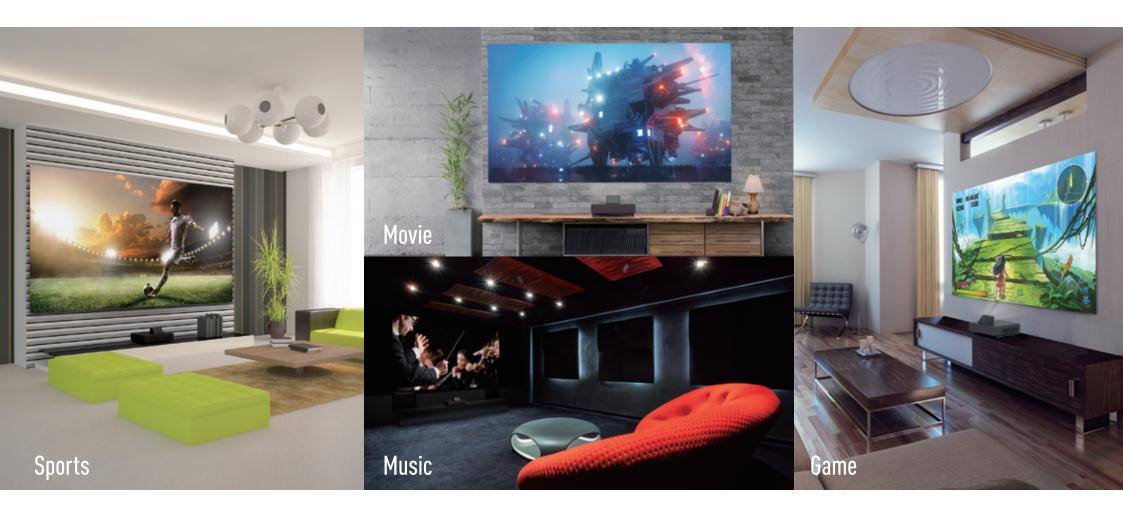

375mm~

No longer do you have to deal with black TV screen that sticks out like a sore thumb. Instead, let the wall at home be your canvas with EH-LS500B that is able to display big and beautiful projections as and when you want it.

Aesthetically Pleasing Visual Experience

Stylish and neat design that blends seamlessly into your living space. Enjoy an immersive viewing experience for any occasion.

Immersive Large Sized Display Redefine the TV viewing experience at home, with Epson's EH-LS500B ultra short-throw laser home projector. This compact projector is meant to replace LCD and OLED televisions as it is able to project up to 130-inch screen size - larger than what a conventional TV screen is able to. 4K PRO-UHD* 4K PRO-UPP Projection Technology

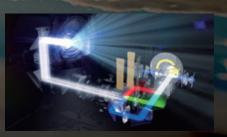

*4K Enhancement Technology shifts each pixel diagonally to double Full HD resolution. Resolution is Full HD in 3D Mode.

Advanced 3LCD and laser technology ensures 100% of the RGB colour brightness is displayed for every frame even in bright environment. This ensures outstanding colour performance while maintaining excellent brightness, without any "rainbow effect" or "colour brightness" issues seen with other projection technologies.

Practical Yet Stylish

EH-LS500B is equipped with a fabric cloth that keeps dust away from settling on its speakers while adding a touch of aesthetic flair to the room.
