

BIG SCREEN, LASER-LIKE ENTERTAINMENT EXPERIENCE.

Power up your viewing possibilities with the new and performance-driven Epson ELPSC35! Enjoy 4K PRO-UHD contents on this modern and easy to set up home projector screen, bringing you a cinematic experience right at home. Delivering vivid, lifelike videos to you thanks to the built-in ambience light rejecting ability, you can now enjoy better contrasts and deeper blacks for your viewing pleasure. Get the best visual performance of your movies in detail with the Epson ELPSC35 today!

IT'S IN THE DETAILS.

UST Ambient Light Rejection (ALR)*

The screen optical surface filters out ambient light by 90%, especially from the overhead ambient lighting. As a result, optimal brightness can be achieved in both a well lighted & dark room environment, giving viewers a Laser TV like viewing experience.

* ALR UST screen only works on ultra-short throw projectors .

Wide Viewing Angle

UST ALR screen produces a wider viewing angle comparing to normal screens. It delivers more than 50% brightness within 80° from center, both right and left direction. With a wider viewing angle, it blends seamlessly into any space for various home entertainment pleasure.

Transportation Flexibility

Transporting the ELPSC35 is much easier comparing to a consumer TV especially in a elevator setting. All thanks to its compact packaging design.
