 Document Capture for Mac.

Epson Event Manager
Makes regular scan jobs easier by providing 4 pre-defined and 10 customisable jobs. User can also assign these jobs to the four buttons on the scanner.

*This application supports USB only. Network option is not supported.

ABBYY FineReader*
This OCR software enables searchable content on your scanned PDFs for greater productivity. The languages supported are English, Traditional Chinese and Simplified Chinese.

*Version 9 for Windows, version 8 for Mac OS X.

Digital Enhancement Solutions

For Photo:
Epson Scan has a complete digital imaging solution that enables greater enhancement and controllability to achieve picture perfection.

Colour Restoration
Restore original colours of faded photos to make them look new again.

Dust Removal
Removes dust and scratches from photos so that your images appear clear and blemish-free.

Backlight Correction
Makes necessary adjustments to the brightness of images that look darker because of strong background lighting.

For Documents/Text:
Epson Scan provides complete document enhancement solution for better clarity and readability.

Text Enhancement
Improves text recognition when scanning text documents, whether in colour, grayscale or black-and-white. Removes background for better clarity, which is especially useful for double-sided printed documents.

Text Enhancement OFF → Text Enhancement ON
Auto Area Segmentation
Automatically detects text and picture areas on a page and scans text in black-and-white, images in halftone to achieve the best results.

Original

Auto Area Segmentation Function: ON
Colour Enhancement
Emphasise a single colour (red, green, blue) in black-and-white or grayscale scanning. Examples include enhancing signatures on cheques and documents using blue ink, or "Confidential" and "Urgent" stamps that use red ink.

Colour Dropout
Removes a single colour (red, green or blue) from documents such as coloured backgrounds, stamps or text in black-and-white or grayscale scanning.

Greater Efficiency in a Single Scanner

Experience convenience and versatility like never before. Four one-touch buttons on the control panel are pre-defined with Copy, Start, Scan-to-Email and Scan-to-PDF functions. Allocate customised job settings effortlessly to these buttons through Epson Event Manager to suit your personal preferences.

Better Products for a Better Future™

ReadyScan

With Epson ReadyScan LED Technology, scanning starts instantly with no warm-up time required. In addition, the technology is environmentally friendly as it is mercury free, low in heat dissipation and power consumption.

Results based on Epson internal testing conducted using US-equivalent 120V models.
