# A3 COLOUR MULTIFUNCTION PRINTER WORKFORCE PRO EM-C8100/C8101

# EPSON

# TRANSFORM YOUR OFFICE WITH EFFICIENT ECO-CONSCIOUS PRINTING.

# Maximise Office Efficiency with High-Productivity A3 Printing Solutions.

The Epson WorkForce Pro EM-C8100/8101 multifunction printers, featuring advanced Heat-Free Technology, offer efficient A3 duplex printing and scanning. Designed for modern offices, these inkjet printers consume less power than traditional laser models, making them ideal for printing environments. With faster printing speeds and reduced operational costs - thanks to fewer part and consumable replacements these printers ensure reliable, high-performance productivity for diverse workplace needs.

# ENGINEERED FOR GOOD

# Fast, High-Volume Printing

Print up to 26 pages per minute\* with a quick 5.5-second first-page-out time, ideal for high-demand office environments.

# **Cost-Effective Efficiency**

Cut costs with energy-efficient technology and large ink packs, reducing maintenance and replacement parts.

# Eco-Conscious Printing

Boost productivity with Epson Heat-Free technology which eliminates the need for heat, cutting energy consumption and reducing waste. Designed for eco-conscious businesses and compact spaces, the Epson WorkForce Pro EM-C8100/C8101 combines fast, reliable, and cost-efficient performance to outperform laser printers. Featuring Heat-Free technology for energy savings and seamless integration with the Epson Open Platform, it offers high-volume printing to meet evolving business needs while minimising environmental impact.

# PrecisionCore Heat-Free Technology

PrecisionCore represents the next generation of inkjet printhead technology, driving Epson's high-resolution inkjet printing. It combines advanced component technologies, cutting-edge MEMS\* fabrication, and high-precision assembly processes developed over decades.

Epson's proprietary Micro Piezo technology, which utilises Heat-Free Technology, distinguishes our printers from the competition. Unlike traditional methods, our Heat-Free printers do not use heat in the ink ejection process. Instead, pressure is applied to the Piezo element, causing it to flex backwards and forwards, thereby ejecting the ink from the printhead.

\*MEMS (Micro Electro Mechanical Systems): Devices possessing mechanically driven elements, manufactured through the application of semiconductor processing technology.

Lower Environmental Impact

The main body of the EM-C8100/C8101 is made from up to 30%\* recycled plastics, while not compromising on the compact size and performance of the printer. This makes it an environmentally friendly choice for businesses.

\*The usage ratio of recycled plastic is subject to change depending on the availability of raw materia

# **Compact, High-Performance A3 Printers**

The WorkForce Pro EM-C8100 and EM-C8101 printers redefine office A3 colour printing, with the EM-C8101 offering high scanning speed of 64/124 ipm in Simplex/Duplex mode. These compact A3 printers deliver reliable, high-volume paper printing while occupying minimal space, making them perfect for office environments.

Media Flexibility Supports printing on a wide range of media types, including sizes up to A3+, weights up to 256 g/m<sup>2</sup>, and lengths up to 1,200 mm, using the Multipurpose Tray.

# **Retractable Output Trav**

Designed with a retractable output tray which activates only when printing or copying in A3 size, preventing easily identify and access documents from falling off. The tray needs to be manually returned to its original position after use.

Improved Paper Handling Increase paper capacity with up to 4 cassette trays, supporting a total of 1,900 sheets including a multipurpose tray for the EM-C8101.

# **Authentication Device**

Supports various ID card readers for authentication function.

# Simplified Navigation

Designed with intuitive colour-coding for each function, it allows users to essential tasks such as print, scan, and copy.

# **Flexible Connectivity**

The device supports Ethernet and Wi-Fi for flexible connectivity and features a direct USB port for easy standalone use.\*

\*EM-C8101 supports an additionally 1 Ethernet port and up to 2 Fax ports as options

# Expandable Options for EM-C8101

# **Manual Stapler**

The manual stapler can automatically staple up to 20 sheets of paper supporting paper weights up to 90  $g/m^2$ .

Each staple cartridge has a capacity of 1,000-staples.

# **Durable, Low-Maintenance Printing**

The Epson WorkForce Pro EM-C8100/C8101 offers a hassle-free printing experience with high-capacity ink packs, reducing the need for frequent consumable changes and minimising waste. Its fast-drying, water-resistant pigment ink safequards prints from spills, while Epson's DuraBrite Pro ink delivers laser-like quality, resisting water, fading, and smudging for lasting durability and reliability.

\*Yields based on ISO/IEC 24711/24712 tests in Default Mode printing continuously. Actual yields will be lower with higherdensity images, hot or dusty conditions, less frequent printing, or printing predominantly with one color. All ink colours are used for printing and printer/all-in-one maintenance, and all colours have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal.

# **Printer Options**

The printer can be upgraded with various options to suit many types of office spaces and work requirements.

# **Erase Red Colour**

Removes red coloured objects in the results of scanned image or copy.

# **IP-Fax**

Enables sending and receiving fax thru IP addresses.

# Streamlined software for greater integration

Take advantage of remote management, customise print options and enjoy seamless compatibility with the Epson WorkForce Enterprise. Integrate these into your existing IT infrastructure to improve productivity and increase efficiency. For more information, please visit www.epson.com.sg/software-solutions.

# **Epson Device Admin**

Enhance IT efficiency with centralised device management and batch deployment. Usage tracking and resource optimisation reduce operation costs, while real-time alerts, remote troubleshooting and firmware upgrades ensure uptime and device security.

## **Epson Remote Service (ERS)**

ince IT management efficiency by optimising resources and reducing costs with cloud-based remote monitoring, troubleshooting, alerts and reporting. Simplify rental service workflows with accurate billing, timely notifications and efficient support enabled by proactive maintenance, remote diagnosis and control features.

For detailed information about Epson Solution Suite, please visit: https://www.epson.com.sg/Epson-Open-Platform

# **Epson Open Platform**

Epson Open Platform enables software vendors to embed their solutions directly with Epson's printing and scanning devices for seamless adaptation to the customer's workflow requirements. It allows for customisation of the user interface, management of workflows and enhanced security supporting ID card readers.

Enforce security with user authentication, secure print release and logs while reducing costs with guotas, print rules and usage reports. Enhance operational efficiency with centralised management, follow-me printing and automatic workflows for while supporting sustainability efforts by reducing waste.

### Epson Print Admin -ГŻ Advanced Workflows

Enable advanced scan features within Epson Print Admin. Convert documents into searchable PDF and index files for guick retrieval. Route documents automatically in a batch with job separation, print and scan directly with integration with business cloud storage.

# Epson Connect Services

**Epson Email Print** computer.

**Remote Print Driver** 

> Scan to Cloud Scan and send documents directly to an email address or cloud storage right from the device panel without the need for servers.

Fax to Cloud address or cloud storage.

Epson Open Platform, please visit: https://www.epson.com.sg/Epson-Open-Platform

# **Epson Print Admin**

# Document Management

# **Document Capture Pro**

Automate your scanning tasks with an intuitive interface and customisable workflows. Built-in OCR converts documents into searchable PDFs and editable files, enabling easy indexing and retrieval. Sort documents and upload scanned images directly to cloud storage for collaboration.

# Document Capture Pro – Enhanced OCR

Expand the OCR capabilities supporting up to 40 languages with enhanced accuracy. Enable User-defined Indexing functionality, allowing users to capture text and barcodes from multiple areas of a document and export data to a file, streamlining processing workflows.

# **Cloud and Mobile Solutions**

Print to any Email Print enabled printer from any device that can send email, such as your smartphone, tablet or

Print through the internet from any applications with advanced settings on your computer, smartphone or tablet.

Send received faxes directly to an email

# Mobile App

# Epson Smart Panel

Print, copy, and scan directly with your Epson devices through the app from your smart phones and tablets. Setup and trouble shoot issues with step-by-step guide and access to manuals.

## **Driverless Solutions:**

Print and scan on the supported devices without the need to install drivers.

<sup>1</sup> Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode. Print speed may vary depending on system configuration, Information correct at time of printing. print mode document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer. print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer. <sup>2</sup> The maximum number of printed pages per month based on the performance capabilities of the printer, including ISO rated print speeds and paper

handling capabilities.

<sup>3</sup> Epson recommends that the average number of printed pages per month not exceed the stated ranges for longer term print quality and reliability. <sup>4</sup> Default mode in accordance with ISO7779 for MFPs.

<sup>5</sup> Yields based on ISO/IEC 24711/24712 tests in Default Mode printing continuously. Actual yields will be lower with higherdensity images, hot or dusty conditions, less frequent printing, or printing predominantly with one color. All ink colours are used for printing and printer/all-in-one maintenance, and all colours have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal.

# Shaping the future of printing with Heat-Free Technology

Epson Business Inkjet Printers make the sustainable choice simple. They combine eco-conscious technology with efficient features, helping you easily balance performance, business costs, and environmental impact. With power-saving Heat-Free Technology and high productivity, our Business Inkjet Printers can help you save energy, time, and money.

Amendment of the below clause is updated as of 1<sup>st</sup> November 2021.

\* Testing was commissioned by Epson and conducted by Keypoint Intelligence. One specific model was selected from color laser multi-function printers in the 65-70ppm class. Epson WorkForce Enterprise WF-C21000 with 100ppm (equivalent model in Europe was used during the evaluation). This data is as of September, 2020. Devices were tested in default mode as per Keypoint Intelligence's proprietary standard energy consumption test methods. Calculations were based on a weekday workload of 2 x 4 hours printing + 16 hours in sleep/standby mode, and weekend energy use of 48 hours in sleep/standby mode. A total of 69 pages of workload test pattern using DOC, XLS, PPT, HTML, PDF files and Outlook email messages were printed six times in each 4-hour printing period.

\*\* Testing was commissioned by Epson and conducted by Keypoint Intelligence. One competitor model was selected from worldwide best-selling vendor^ in the 65ppm and 70ppm colour laser multi-function printer. Epson Work Force Enterprise WF-C20600 with 60ppm (equivalent model in Europe was used during the evaluation). Consumables and periodic replacement parts required to print 1M pages. The weight includes all used consumables, periodical replacement parts and their packaging. Test printed pattern used was IS024712.
