Colour your lifestyle

A home projector that blends effortlessly into any space.

Ice Green (EF-21G)

Metallic Navy (EF-22N)

Beige Rose (EF-21R)

EpiqVision Mini

ENGINEERED FOR good

EPSON

Sleek and smart

The EpiqVision Mini EF-21/22 combines a sleek, modern design with trendy colors and dynamic textures, creating a bold, iconic look that complements any home decor.

The metallic finish of the projector adds sophistication and aesthetic flair, while its stylish hues seamlessly blend with modern interiors. Its portability also enhances convenience and usability.

The black frontal design minimises noise by concealing various functional elements.

The rounded rear and angular front of the design combine to form a sleek, streamlined appearance.

Angled stand* for improved stability and robust metallic hinges for lasting durability.

Elevate your viewing experience

The EpiqVision Mini EF-21/22 Full HD projector features a laser light source for a more lifelike and vivid visual experience, utilising Epson's 3LCD technology. This advanced technology delivers 1,000 lumens of equal white and colour light output* and effectively eliminates rainbow effects, which can be distracting in some projectors. Supporting screen sizes of up to 150 inches, it ensures vibrant, high-quality images for any viewing environment.

Contrast Ratio[^]
Over 5,000,000:1

[^]Contrast of 5,000,000:1 is only available with HDMI source, and this function is not available with Google TV™.

*Colour brightness (colour light output) and white brightness (white light output) will vary depending on usage conditions. Colour light output measured in accordance with IDMS 15.4; white light output measured in accordance with ISO 21118.

The evolution of HDR

With HDR10 technology, HDR has evolved to deliver superior image quality and contrast, enriching both dark and bright scenes.

Explore more with Google TV™*

For the first time, the EpiqVision Mini EF-21/22 comes with the Google TV™ Operating System pre-installed. This ensures a seamless initial setup and enhances compatibility with Google TV™ and Google accounts, simplifying application logins. The Google TV™ OS also offers a more streamlined user interface, improving your content streaming experience.

*Google Play, Google TV and Google Cast are trademarks of Google LLC.

Chromecast is available for iOS or Android devices, Mac or Windows computer or Chromebook. Available for selected model. Voice control is applicable to Android TV only.

Note: AirPlay is not supported.

Effortless Installation and Portability

Compact and highly portable, this projector is easy to install and ready for use in any setting. It features auto keystone correction and auto screen adjustment, allowing for flexible and seamless projection on various surfaces throughout your home, including ceilings.

Auto Keystone Correction

Auto Screen Fit

Auto Focus

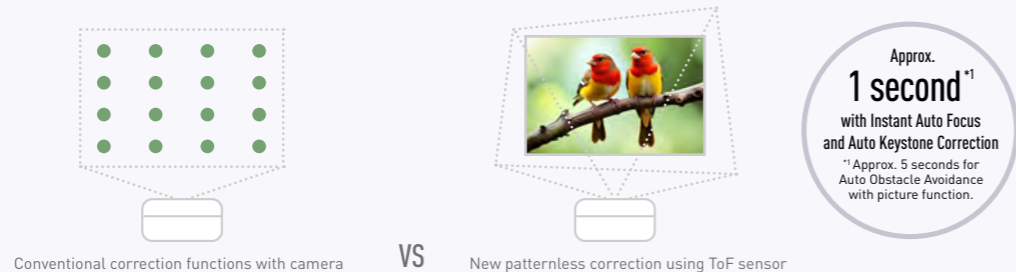

Auto Obstacle Avoidance

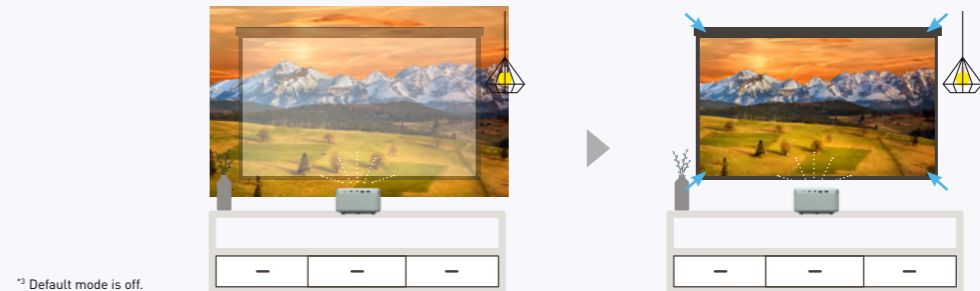

Instant Auto Focus and Keystone Correction

Epson utilises both a camera and Time-of-Flight (ToF) sensor to automatically and instantly adjust focus and keystone correction, without displaying patterns on the screen.

Auto Screen Fit Function*3

The projector automatically adjusts the screen size to fit perfectly within the screen frame in just one step.

Auto Obstacle Avoidance Function*2

Powered by a ToF sensor, Auto Obstacle Avoidance function automatically adjusts the image to bypass objects, ensuring hassle-free use in limited spaces.

*2 Default mode is on to prioritise instant correction.

Stand Function **Only for EF-22N**

The stand function enhances the projector experience with instant auto keystone correction, allowing for 360-degree horizontal rotation and 150-degree vertical rotation.

Immersive audio experience

Delight in immersive audio with the projector's built-in 5W x 2 speakers that support Dolby Audio™, eliminating the need for external speakers. The 60-degree speaker positioning ensures rich stereo sound quality from any angle, while the DSP chip enhances audio processing for superior sound clarity.

Adjust the speakers to a 60° angle to ensure optimal stereo sound quality, regardless of the projector's placement.

An improved cooling system with reduced fan noise ensures an uninterrupted and enjoyable viewing experience.

Supported by Dolby Audio™, the projector enhances both your visual and audio experiences, offering a comprehensive all-in-one entertainment solution.

SEE ULTRA

EXPERIENCE ULTRA. GO BEYOND THE TV.

Big screen entertainment with vibrant 3LCD colour technology.

Go beyond the TV experience with bigger movie nights, gaming, streaming, and screen sharing. Choose from home cinema projectors to ultra short throw laser projectors or pick a flexible and portable projector and turn any space into a visual party.
