

A FAST AND RELIABLE A3 SCANNING SOLUTION.

High-Speed Scanning with Streamlined Document Management.

The Epson A3-sized WorkForce scanners are engineered for high performance and versatility. These models are ideal for handling a wide range of document sizes and types. The DS-60000 and DS-70000 feature one-pass duplex scanning and a 200-sheet ADF for greater capacity and speed with larger scanning volumes. Bundled with Document Capture Pro software for automated workflows, these scanners streamline document management effortlessly, enhancing productivity.

Scan up to A3

Speeds of up to 140ipm*

OCR

Power Saving

ENGINEERED FOR good

High Speed Duplex Scanning

Increase your productivity with high speed one-pass duplex scanning at up to 140ipm*.

Reliable and Convenient ADF

200-sheet high capacity ADF with ultrasonic sensor to detect double-feeding, with settings for standard or thin paper scanning.

Easy Document Management

Document Capture Pro software simplify document management with 30 customisable job settings and versatile scan destinations.

*Based on A4 size documents.

WorkForce A3-series scanners excel in delivering exceptional scanning performance and reliability. The flatbed scanner provides versatile scanning options, while the ADF scans at blazing speeds of up to 80ipm on the DS-60000 and 140ipm on the DS-70000.

Maximise Productivity with Efficient Scanning

High Speed Duplex Scanning

The DS-60000 and DS-70000 scan with impressive speed in both simplex and one-pass duplex modes, resulting in significant improvement in office productivity.

Scanning speed:

DS-60000: 40 ppm (simplex), 80 ipm (one-pass duplex)

DS-70000: 70 ppm (simplex), 140 ipm (one-pass duplex)

Wide and Flexible Scanning

The ADF can handle documents up to 2,540mm long, while the A3-sized flatbed scanner is capable of handling wide-format documents* such as maps, drawings, or large bound books and even odd-sized items. Images, graphics and text are captured with amazing clarity and accuracy with its high resolution of 600 dpi CCD sensor.

*Paper Document Size < A6 = 60-190gsm; All other sizes = 35-128gsm

Reliable Operation

Fitted with ultrasonic sensors which detects double-feeding, user will get notified in case of a double-feed has occurred.

High Durability and Reliability

The DS-60000 is designed to handle a high daily volume of 5,000 sheets, while the DS-70000 can manage an even greater daily volume of 8,000 sheets. With an ADF capacity of 200 sheets, these WorkForce scanners are engineered to maximise productivity and meet the demands of busy offices.

Daily Duty Cycle:	DS-60000	DS-70000
	5,000 sheets	8,000 sheets

Advanced Document Management Solutions

Epson Scan 2

Text Enhancement

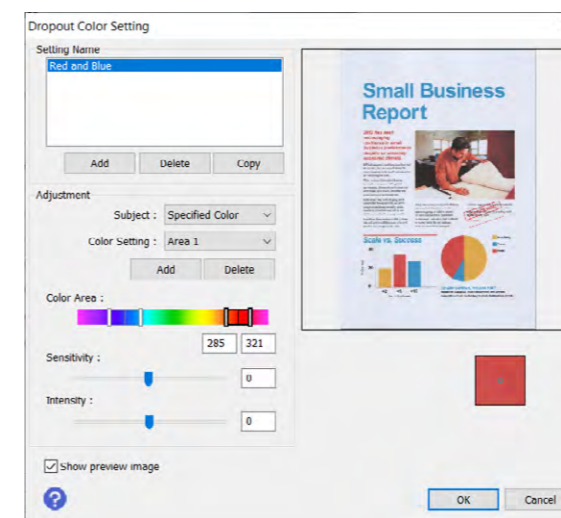

Improves text recognition when scanning text documents, whether in colour, greyscale or black-and-white. Removes background for better clarity, which is especially useful for double-sided printed documents.

Document Skew Correction

Automatically adjusts and straightens scanned images.

Colour Enhancement & Colour Dropout

Remove or enhance the visibility of ink signatures such as "Confidential" and "Urgent" stamps. Users can pick one of the preset colours (red, green, blue, pink, purple, yellow, orange, or all colours except black), or use the customised settings to dropout or enhance up to 5 colours of your choice with a single scan. Up to 10 preset colours can be saved for reuse.

Advanced PDF Features

Built-in OCR function to create Searchable PDF files. Secure your PDF files by setting a password to prevent unauthorised viewing, editing or printing.

Eco-Conscious Scanning Performance

WorkForce A3-series scanners are equipped with Epson ReadyScan LED technology that require zero warm-up time, resulting in lower power consumption. Each model has a power-saving sleep mode that reduces energy consumption even further.

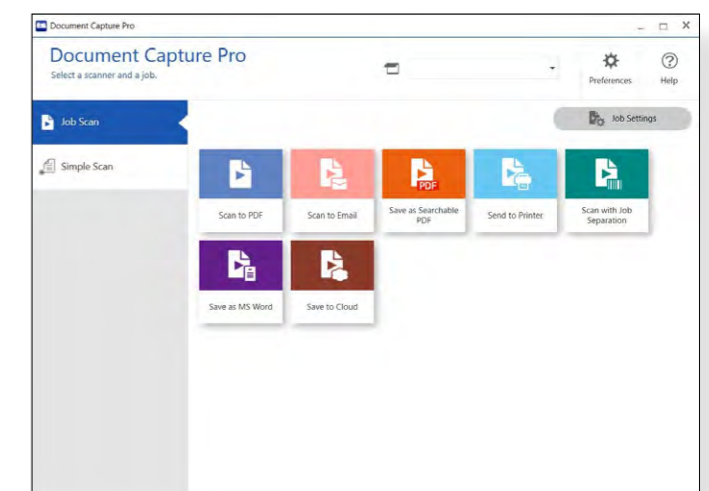

Document Capture Pro

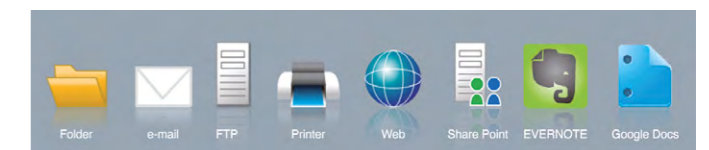

Epson document scanners come bundled with document management software that allows you to easily manage your scanned files.

Easily scan, view, edit, save and transfer scanned documents. The software optically recognises barcodes, characters and blank pages in scanned documents to separate them into different folders. It allows you to create up to 30 customised job settings, making multiple scan jobs a breeze.

The software also provides quick access to post-scan destinations, including scan-to-print, email, Windows® Public Folder, FTP, Web Folder, and Scan-to-Cloud services such as Microsoft® SharePoint Server, Evernote®, Google® Drive™ and SugarSync®.
