POS RECEIPT PRINTER
#1
12 YEARS RUNNING 2009 - 2020

INDOOR OPERATION

Point of Sales

With a lower total cost of ownership, using Epson's mPOS solutions is cost-effective for any in-store sales transactions. **Fuss-free and user-friendly, these printers are compatible with multiple operating systems and support a wide range of interfaces.** Security breaches are no longer a concern through encrypted transactions with Epson POS Solutions.

Recommended Models

TM-T82X   TM-m30II   TM-T88VI

Kitchen Printing

With a durable and heat-resistant body, Epson Dot Matrix printers are perfect for the kitchen environment. **Kitchen staff can easily refer to order slips when preparing food, thanks to the seamless paper loading and printing, increasing efficiency and shortening order fulfilment time.**

Recommended Model

TM-U220A/B/D

Queue Busting

Sales representatives can minimise queues with Epson's portable mPOS printers during peak periods, reducing customers' waiting time. With a compact body, fast printing speeds and long battery life, staff can now conduct transactions easier and quicker.

Recommended Models

TM-P20II   TM-P80II

INDOOR OPERATION

Food Labelling

Speed and accuracy are important in the fast-moving F&B environment. **Proper labelling on food and drink packaging using Epson linerless labelling solution allows staff to identify and deliver the orders faster, be it for dine-in, takeaway or delivery.** With the Advanced Paper Saving function, businesses can also save on labelling costs in the long run.

Recommended Models

TM-L90/L90 Peeler   TM-L90-LFC

Linerless Label Key Features

Food Packaging Safe

Food-grade safe linerless labels ensure food safety during order fulfillment.

Patented Self-Cleaning Technology

Problems with sticky papers are now a thing of the past with the patented self-cleaning technology, which helps to keep printers running clean and smoothly during operation.

Impeccable Re-stick Ability

Labels can be peeled and re-stick onto trays and order delivery bags, cutting down on paper waste while maintaining order accuracy and saving costs.

Self-service Ordering & Checkout

Epson's kiosk printers are built ideally for the self-service kiosk environments, such as fast food chains, supermarkets and retail stores. **With unique features such as a secured bracket kit and bezel options, paper jams and misalignments can be avoided, greatly reducing downtime.** The printers are also TUV certified for easier importation and exportation.

Recommended Models

TM-L90/L90 Peeler   TM-L90-LFC

OUTDOOR OPERATION

Direct Selling (Direct-to-door)

Epson's lightweight and portable POS printers allow businesses to process transactions anywhere. **With long battery life and high printing speed, sales representatives can enhance customer service with on-demand receipt printing.**

Recommended Models

TM-P20II   TM-P80II

OUTDOOR OPERATION

Proof of Delivery

Delivery personnel can print on-demand proof of delivery receipts using Epson portable POS printers, reducing potential disputes between consumers and service providers. **With strong battery life, durable and sturdy design, our printers are built to support day-long operations and harsh outdoor environments.**

Recommended Models

TM-P20II   TM-P80II

Marketplaces Receipt Printing

Handwritten receipts often cause confusion and transaction errors. Epson portable POS printers eliminate this issue through digitally printed receipts. **Lightweight, sturdy and packed with long battery life, these printers are ideal for businesses operating in busy marketplaces.**

Recommended Models

TM-P20II   TM-P80II

On-the-go Receipt Printing

Increase productivity and boost efficiency when issuing receipts outdoors with Epson mPOS solutions. **Reduce human errors by eliminating the need for manual receipts when issuing utility bills, insurance claims, parking fines, and more.** Epson portable POS printers support easy integration with any software, enabling users to update and track information in real-time conveniently.
