

# SELF-SERVE CONVENIENCE FOR FAST AND EASY VIBRANT PRINTS.

## Print high quality photos quickly and conveniently with the professional Minilab Printer.

Give your prints the edge with Epson's SureLab D530. Designed with Micro Piezo printhead technology and Ultrachrome D6r-S inks, this ultra-versatile photo printer delivers premium colour accuracy and sharpness for accurate professional prints of every kind. With a lightweight and compact body, the SureLab D530 allows double-sided printing, making it ideal for photo kiosks, self-photo studios and event printing.

ENGINEERED FOR good

ULTRACHROME  
D6r-S<sub>INK</sub>

### Outstanding Print Quality

Engineered with Micro Piezo printhead technology and Ultrachrome D6r-S inks, the SL-D530 delivers colour-accurate and crisp prints.

### Better Portability

With a compact and lightweight body, the SL-D530 is perfect for use at events and mobile photo studios.

### User-Friendly Functions

With an easy-to-view LCD panel and ink window to check printer status at a glance, the front-operation design is simple to use even for first-time users.

**MINILAB PRINTER**  
SURELAB D530

Maximise what your business can offer with the sturdy and compact Epson SureLab D530. **Perfect for photo retailers, self-service photo kiosks, self-photo studios, and on-demand photo printing operators** that need quick and high-quality on-the-spot photo printing.

**Single and Double-Side Printing**

SL-D530's versatility in delivering both single and double-sided printing allows print operators to expand businesses meeting different customer demands. You can also produce photo calendars, photo books, and event decorations that required a two-sided view with the adaptive SL-D530.

**Outstanding Print Quality**

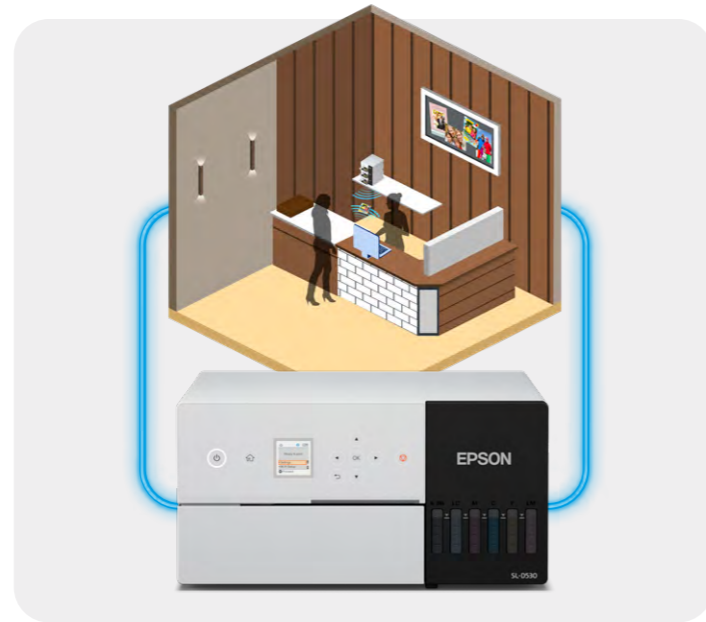

The Epson SL-D530 delivers the incredible colour, text quality and photo results you have come to expect from Epson. Utilising our Micro Piezo Printhead technology, the Minilab printer also uses Ultrachrome D6r-S inks to produce top-notch prints.

Epson Ultrachrome D6r-S inks

**Compact And Adaptable To Different Setups**

SL-D530's lightweight and compact body allows for better portability, making it perfect for use at events, photo kiosks, and at mobile photo studios. At only 7kg with a metal frame design, operators can stack up to three units on top of each other, maximising the use of limited space.

**Durable And Sustainable**

Epson's SL-D530 is using eco-conscious sustainable materials for resin parts and consumes only 18W of energy during operation. Plus, with enhanced durability, you can expect reliable operation to hundreds of thousands of prints.

Metal frame design

On-demand photo printing

Self-service photo kiosks

**Front Operation Design**

The front operation design allows operators to refill inks, load media, and change maintenance tanks conveniently without unstacking machines, reducing downtime.

**LCD Panel And Ink Window**

With the 1.4" LCD panel and ink counter located at front of machine, operators can check printer status and ink levels directly without any obstructions even when stacked together.

**Epson Total Solutions**

Manage multiple printers remotely and maximise productivity with accurate failure diagnosis with Epson Cloud Solution PORT. you will be able to monitor multiple equipment remotely in real-time, even if they are across different locations, achieving greater control and reducing downtime.

**System Flexibility Behind The Counter**

Epson Order Controller enables a scalable solution for various production needs. It allows quick and easy production of sets of photos from digital image files via presets, and includes advanced image correction features such as Red Eye removal.

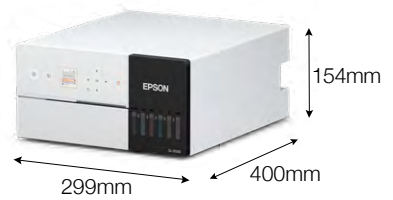

## SPECIFICATIONS

<b>MODEL NUMBER</b>	<b>SL-D530</b>
<b>SKU Number</b>	C11CK56402
