light output measured in accordance with ISO 21118. light output value is measured at the center of the screen as a reference value which is equivalent to lumens. There is no official standard for Light Output (Center) measuremer his measurement is made based on the method set by Epson. Please note, each manufacturer measures Light Output (Center) independently according to their own methods herefore it is recommended to refer to Color Light Output measured in accordance with ISO 21118 when

(colour light output) and white brightness (white light output) will vary depending on usage conditions. Colour light output measured in accordance with IDMS 15:4;

oaring projectors.
actual data throughputs depend on supported wireless mode of source devices and/or environment conditions.
general office environment (the amount of floating dust: 0.04 - 0.2 mg/m²). Based on the Epson's in-house test results

BUSINESS PROJECTORS EB-L520U/L630U/L630SU/L730U

A power-packed solution for business, education, as well as projection signage and entertainment.

Epson's versatile and compact EB-L730U series projectors are loaded with endless possibilities to project vivid and sharp images of up to 7,000 lumens to your audience. Features such as center-lens placement, 360° installation, and a wide range of connectivity translates to a flexible and performance-focused projection solution to suit all your needs.

Superb Image Quality

High brightness projection of up to 7.000 lumens*3 with laser light source and WUXGA resolution.

*1 For EB-L630SU. *2 Except for EB-L520U. *3 For EB-L730U.

Lightweight yet durable body with a myriad of

Compact & Flexible

Seamless Connectivity

Enjoy convenience in projection via wireless connections without troublesome settings.

Epson Singapore Pte Ltd Epson Customer Care Center

Massive and Brilliant. Stunning images beyond FULL HD.

Immerse in a stimulating and dynamic viewing experience with WUXGA resolution. Captivate your audience in lectures and meetings, impress your customers in stores, and maximise your reach at larger venues.

Superb Resolution WUXGA, 1920x1200

High Brightness Up to 7,000 lumens*1

Large Screen Size Up to 500"*2

High Contrast Ratio Over 2,500,000:1

Laser Light Source Up to 20,000*3 maintenance free hours

^{*1} For EB-L730U. Brightness for EB-L630U is 6,200 lumens, EB-L630SU is 6,000 lumens, EB-L520U is 5,200 lumens. *2 Except EB-L630SU. Maximum screen size for EB-L630SU is 200 inch.

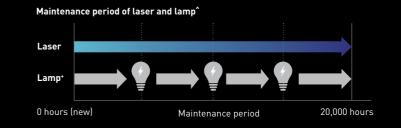

Fascinate more with super-resolution

Project detailed and crisp images with the Image Enhancement function. With a few simple steps, deliver enthralling, clear projections and level up your presentations.

Save both your wallet and the environment

Without the need for lamp replacements and lower power consumption than its peers, enjoy higher savings while saving the earth with Epson's laser projectors. Do more with your maintenance-free laser projector, which runs on approximately 20,000 hours*3 of laser light source.

Eco Features

- Uses just 0.3W of power in standby mode
- Projector optics employ lead-free lenses
- · Unpainted plastic housing reduces the environment impact • The flame retardants used in the plastic housing does not
- contain chlorine or bromine
- Laser light technology* eliminates the need for lamp

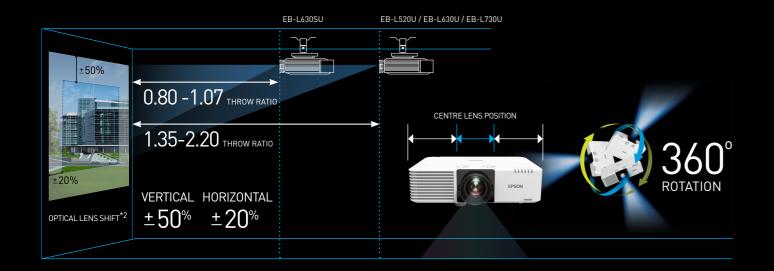

² Except CB-200030. Maximum screen is see for Except CB-200030 is 200 inch.
3 20,000H life for Laser light source: Approximate time until brightness decreases 50% from first usage. Measured by acceleration text assuming use of 0.04 - 0.20 mg/m3 of particulate matter.
Time varies depending on usage conditions and environments. Replacement of parts other than the light source may be required in a shorter period.

Efficiency meets Flexibility. Fuss-free installation and operation.

With a wide range zoom of up to 1.6x zoom ratio* and flexible 360° installation, you can fit the compact Epson laser projector even in the tightest spaces, without compromising image quality. Alongside its versatile connectivity, maximise efficiency in meeting rooms and enhance the experience in retail storefronts.

Wide Range Zoom & Lens Shift

Up to 1.6x zoom ratio*1

Short Throw Capability 3

80" screen at 1.38m Perfect for tight spaces

Flexible Installation

Any direction in 360°

Versatile Connectivity

2 x HDMI & HDBaseT for long distance transmission*4

Seamless multiple projection

Blend multiple projections seamlessly and easily into one large screen for maximum reach through Daisy-chaining with HDMI-out port. Correct any screen distortion quickly with the built-in geometric correction and edge blending function.

Customisable content playback

Create personalised content easily onto any desired surface with the built-in playback function. Upload your content wirelessly or simply connect and start projecting fuss-free. Ideal for projection signage at storefronts or places of interest.

Retail signages

Event signages

¹ Except EB-L630SU with no optical zoom, only 1.35x digital zoom

^{*2} Except for L520U which has no lens shift.

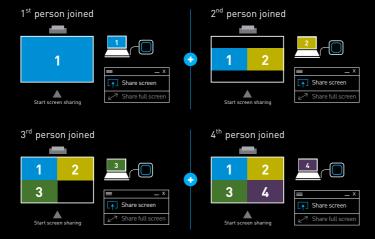

⁴ HDBaseT can transmit Full HD video, audio and control at low cost through cat 5e/6 cables or higher, up to 100 metres. Ideal for large venues

Connectivity Reinvented. Seamless collaborations without hassle.

Reinvent how collaborations happen in your meeting rooms with the optional **ELPWP10 wireless presentation system**. No more messy cables, additional installations and confusing network settings. Connect up to six users and project up to 4 connected devices in one screen simultaneously for enhanced collaboration.

Connect up to six different users at any one time. Click on share screen and the screen will split automatically.

Project wirelessly

With built-in wireless connectivity, easily share content from your smart devices or PC using the Epson iProjection app.

Schedule and edit your playlist, convert movie formats, and manage data directly through Epson Content Manager.

Miracast support

With Miracast, you can now project Full HD videos and content wirelessly from compatible smart devices and laptops without additional software installation. With the screen mirroring* support, projecting from your smart devices has never been easier.

* If the Miracast function is activated, other network features will be disabled
