

EMPOWERING BUSINESSES WITH EXCEPTIONAL PERFORMANCE

The WorkForce DS-730N simplifies and enhances business workflow with higher scan speed performance and easier access to scan settings through the 1.44" LCD display. Users can scan to Network folder, email or send scan data to target destination without the use of a PC. In addition, the image sensor glass dirt detection reduces re-scanning due to bad image quality, improving workflow.

ENGINEERED FOR good

Built for Business

Enjoy scan speed of up to 40ppm/80ipm, daily duty cycle of 6,500 sheets and ADF capacity of 100 sheets to enhance business productivity.

Efficient Scanning

Work becomes seamless with easy access to scan settings on the 1.44" LCD display. Scan to Network folder, email or SharePoint with the Quick Send Button easily.

Exceptional Reliability

Expect quality scans with the image sensor glass dirt detection and prevent damage to your important documents with the paper protection feature.

* Using carrier sheet by folding in half.

Equipped with the Scan-to function, users can send scan data to target destination without the use of a PC. With the one-push Quick send button, users can scan-save-send easily to ease workflow. In addition, the image sensor glass dirt detection helps detect, notify and reduce the hassle of re-scanning.

Scan-to Function

With the convenience of the Scan-to function, users only require the one-push, one-shot operation of the quick send button to send scan data directly to target destination, without the use of a PC.

Scanner Features

Durable, High-speed Scanning

Expect fast, high-volume scanning speeds of up to 40 ppm/80 ipm on the DS-730N. With a 100-sheet Automatic Document Feeder for A4 media and high daily output cycle of up to 6,500 pages, this business scanner suits your need.

Compact Size

For better mobility and reduced footprint, the DS-730N can be kept in storage position after use.

1.44" Colour LCD

Enjoy a clear display of job contents with the 1.44" LCD display. Access the scanner using push scan functions and change scan settings directly on the panel without having to use a PC.

High Quality Image

Equipped with built-in function to improve colour production, the scanner can remove crease marks, reduce bleed through and even select background colour based on paper type used.

Automatic Size Recognition

Place documents of different sizes up to A4 in the middle of the feeding tray and the DS-730N will automatically detect and scan everything in the correct size, all in a single batch.

Epson Scan 2

Text Enhancement

Improves text recognition when scanning text documents, whether in colour, greyscale or black-and-white. Removes background for better clarity, making double-sided printed documents clearer.

Document Skew Correction

Automatically adjusts and straightens scanned images.

Colour Enhancement & Colour Dropout

Remove or enhance the visibility of ink signatures such as "Confidential" and "Urgent" stamps. Users can pick one of the preset colours (red, green, blue, pink, purple, yellow, orange, or all other colours except black), or use the customised settings to dropout or enhance up to 5 colours with a single scan. Up to 10 colours can be preset for reuse.

PDF Features for Added Convenience

The built-in OCR enables searchable PDF files. Secure your PDF files by setting a password to prevent unauthorised viewing, editing or printing.

Epson ScanWay –

Easy and Fuss-Free Data Sharing

ScanWay supports network sharing functions, as well as stand-alone operation without needing to connect to a PC. Epson's ScanWay models provide simple, reliable, and secure scanning solutions for scanner operators and administrators.

With DS-730N:

- Scan documents straight to Network folders and E-mail.
- Facilitate more efficient scan workflow using Quick send buttons.

User-Friendly Feature

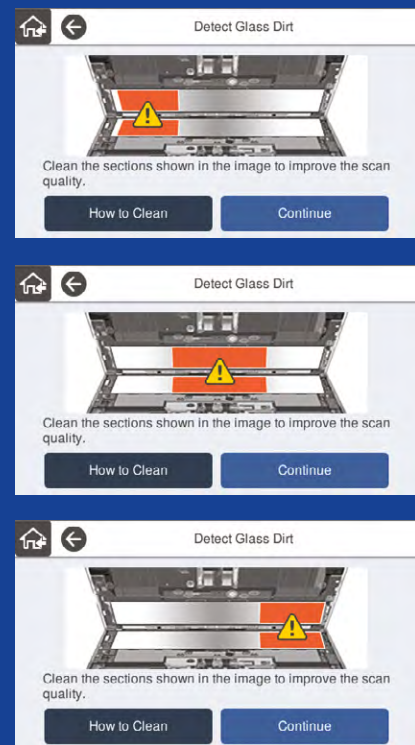

Paper Protection Function

Upon detection of abnormal paper feeding or stapled/folded paper, scanner will automatically stop to prevent damage to important documents.

Image Sensor Glass Dirt Detection

A notification will be sent upon detection of dirt in three areas before scanning. This reduces the risk of re-scanning due to bad image quality, improves the Scan-to workflow and increases business productivity.

Document Management

Document Capture Pro*

Scan, view, edit, save and transfer scanned documents easily with the Document Capture PRO, which easily recognises barcodes, characters and blank pages in scanned documents for batch separation, allowing you to create up to 30 customised settings. Simplify scan workflow with assigned shortcuts to the scanner's operation panel. With built-in OCR capability, searchable PDF files can be created and documents saved into editable Microsoft Office formats. Assign passwords to protect devices and documents through the Advanced Log function.

*Limited functionality for Mac version of Document Capture software.
