

HIGH-SPEED A3 SCANNER FOR YOUR BUSINESS.

At Epson, we focus on every detail of your business. Designed to support high-volume scanning environments, the WorkForce DS-30000 and DS-32000 combine performance, speed and durability in a sleek, compact design. With a daily duty cycle of up to 40,000 pages and speeds of up to 90 ppm/180 ipm* on the DS-32000, these scanners deliver efficient document scanning with a diverse range of media handling at exceptional quality, for higher productivity.

ENGINEERED FOR good

High-Speed Quality Scanning

Impressive image quality and scan speeds of up to 90 ppm/180 ipm with a daily duty cycle of up to 40,000 pages and a 120-sheet ADF for A4 media.*

High Versatility

Capable of handling a wide range of media up to A3. From passports to even thin, old and damaged documents.*

High Reliability

With paper protection function, abnormalities will be detected during scanning to minimise paper damage.

* Applicable to DS-32000 only.

Fast, durable and versatile, the WorkForce DS-30000 and DS-32000 are the perfect high-speed, high-volume, high-quality scanners for offices that require heavy-duty scanning. Packed with smart features such as automatic size recognition and paper protection function, you enjoy high-precision quality scans every time. On top of that, the ability to support a wide range of media up to A3 provides greater flexibility for higher productivity gains.

Compact Size

Compact in size for better mobility and smaller footprint; enjoy the option of keeping the DS-32000 in a storage position* after use.

Durable, High-speed Scanning

Designed for fast, high-volume scanning, enjoy scanning speeds of up to 70 ppm/140 ipm on the DS-30000 and 90 ppm/180 ipm on the DS-32000. With a 120-sheet Automatic Document Feeder for A4 media and high daily duty cycle of up to 40,000 pages*, these scanners provide the robust reliability that businesses need.

High Quality Image

With built-in functions to improve colour production, the scanner can also remove crease marks, reduce bleed through and even select background colour based on paper type.

2.7" Colour LCD

Equipped with a large screen size of 2.7", users get a clear display of job contents at a glance and can even view and assign up to 30 jobs at a time on the panel. Operate the scanner easily using push scan functions and change the scan settings directly from the panel without having to use a PC.

Automatic Size Recognition

Place documents of different sizes up to A3 in the middle of the feeding tray and the DS-30000/DS-32000 will automatically detect and scan everything in the correct size, all in a single batch.

Diverse Media Handling with Flexible Scanning Modes

With Epson's smart design, these WorkForce models are able to scan up to A3 on a wide range of media types of varying thickness (up to 413 g/m²) and up to paper length of 5,588 mm.

Scanning passports with a special carrier sheet will be automatically detected by the scanners when using Manual Feed mode. This Manual Feed mode can also be used to stitch A2 documents and documents with post-its.

Switching to Delicate Feed* mode on DS-32000 allows you to scan fragile and extremely thin paper (up to 20 g/m²) easily.

User-friendly Features

Automatic Feeding Mode

The Automatic Feeding Mode enables large volumes of documents to immediately be scanned continuously. In addition, this mode allows you to scan documents one at a time without needing to arrange them by size and they will be saved into a single PDF.

Double Feed Detection Skip Function

Activate the Double Feed Detection Skip function to scan documents with stickers and labels.

Epson PaperCare*: Paper Protection Function

Epson's PaperCare technology uses dedicated sensor and software to predict potential paper jams before occurring. When an abnormality in paper feeding is detected, the scanner automatically stops the paper feeding immediately to prevent damage to your important documents, maintaining document integrity and ensures a reliable, safe and smooth scanning experience.

Epson Scan 2

Text Enhancement

Improves text recognition when scanning text documents, whether in colour, grayscale or black-and-white. Removes background for better clarity, which is especially useful for double-sided printed documents.

Document Skew Correction

Automatically adjusts and straightens scanned images.

Colour Enhancement & Colour Dropout

Remove or enhance the visibility of ink signatures such as "Confidential" and "Urgent" stamps. Users can pick one of the preset colours (red, green, blue, pink, purple, yellow, orange, or all colours except black), or use the customised settings to dropout or enhance up to 5 colours of your choice with a single scan. Up to 10 preset colours can be saved for reuse.

PDF Features for Added Convenience

The built-in OCR enables searchable PDF files. Secure your PDF files by setting a password to prevent unauthorised viewing, editing or printing.

Document Management

Document Capture Pro[^]

Easily scan, view, edit, save and transfer scanned documents. The software recognises barcodes, characters and bank pages in scanned documents for batch separation. It allow you to create up to 30 customised job settings, with the option to assign shortcuts of the scan jobs to the scanner's operation panel to simplify scan workflow. With the built-in OCR capability, searchable PDF files can be created and documents can be saved into editable Microsoft Office formats. In addition, device and documents can be secured through password protection, by locating and tracking documents using the Advanced Log function.

[^]Limited functionality for Mac version of Document Capture software.

Compatible with Epson Device Admin

With Epson Device Admin, you can now manage, monitor and configure your Epson device fleet easily. It is compatible with a large range of networked printers and scanners, and all information can be viewed via one smart, intuitive interface.

Epson Device Admin Functions

- Manage Epson devices in groups
- Receive automatic alerts for quick response when the device faces an error or when it runs out of consumables
- Generate reports automatically for cost-savings activities
- Configure multiple devices efficiently with templates to simplify large deployments
