**BUYER BEWARE!**

**Not all projectors are created equal.**

## Not all projectors are created equal

Only 3LCD projectors are able to achieve brilliant and true to life images as well as deliver a superior colour balance with equal white and colour brightness. Further, with no rainbow effect, users are also able to enjoy a more comfortable viewing experience.

Epson 3LCD projectors are therefore a perfect choice, whether for work or play. Insist on High Colour Brightness in every projector you buy.
