

The EcoTank L5296 is an economical, multifunction printer that lets you print, scan, copy and fax without hassle. This ideal printer is equipped with a full suite of connectivity features such as Wi-Fi Direct and Ethernet. Print wirelessly over network or directly from connected mobile devices. Download the Epson Smart Panel app to your mobile device to manage all your printing functions and printer setup with ease. Epson's affordable ink bottles offer spill- and error-free refilling via designated nozzles on the L5296's integrated ink tanks, allowing more savings and less wastage. Take advantage of seamless connectivity for your business today.

DIRECT

Reduce running cost with affordable ink bottles and an ultra-high page yield of up to 7,500 pages for colour and 4,500 pages for black-and-white.

## **Wireless Connectivity**

Share printer over the Wi-Fi Direct function or print wirelessly via a suite of Epson Connect solutions.

## **Epson Smart Panel**

cotank MICRO PIEZO

Download the Epson Smart Panel app to mobile devices for direct access to functions such as print, scan and copy while monitoring the printer's operation.

\*1 Print speed (Pages Per Minute) is calculated when First speed (Fages Per Minute) is calculated when printed on A4 plain paper in the fastest mode, 10 x 15 cm photo print speed when printed on Epson Premium Glossy Photo Paper. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

- \*2 When printed on Epson Premium Glossy Photo Paper.
- $^*3$  Borderless printing is supported up to 4R (4 x 6"), otherwise 3 mm top, left, right, bottom.
- \*4 Default mode in accordance with ISO7779 for MFPs.
- \*5. Quoted yields are based on the ISO 24711/24712 Quoted yields are based on the ISO 24711/24712 patterns of mixed text and colour graphics with Epson methodology. Quoted yields are based on the replacement ink bottles purchased. For print quality, part of the ink from the included bottles is used for printer startup so yields could be lower than those of replacement ink bottles. Actual yields will vary due to reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. Ink is used for both printing and printhead maintenance. All inks are used for both black and colour printing.
