

# THE ULTIMATE PRINTER FOR YOUR BUSINESS

Robust and reliable. These are the EcoTank L6460 and L6490. Compact in size, the printers fit into any given space in your office. Enjoy hassle-free, auto-duplex printing that lowers printing cost; and face down output for better security. DURABrite ET Ink uses pigment-based ink to deliver durable, water-resistant and extra-sharp print. You can also download the Epson Smart Panel app and transform your mobile devices into an intuitive control centre to set up, monitor and operate the printers. Improve business efficiency with enhanced print performance from this stylish printing solution today.

## IT'S IN THE DETAILS.

### Versatility meets Productivity

Super compact printer which fits any business environment with fast print speed of up to 17.0 ipm (black) and 9.5 ipm (colour).

### Save on Consumables

Enjoy remarkably low cost per print with high page yield of up to 7,500 pages for black and white and up to 6,000 pages for colour.

### Care for Environment

With Epson Heat-free technology, less power is required to operate the EcoTank as compared to laser printer, reducing environmental impact.

<sup>1</sup> Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode, 10 x 15 cm photo print speed when printed on Epson Premium Glossy Photo Paper. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

#1 Black Text #2 Colour

<sup>2</sup> Default mode in accordance with ISO 7779 for MFPs.

<sup>3</sup> Outlined yields are based on the ISO 24711/24712 patterns of mixed text and colour graphics with Epson methodology. Outlined yields are based on the replacement ink bottles purchased. For print quality, part of the ink from the included bottles is used for printer startup so yields could be lower than those of replacement ink bottles. Actual yields will vary due to reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. Ink is used for both printing and printhead maintenance. All inks are used for both black and colour printing.
