Enjoy exceptionally low running costs with 143 inks at a cost per print of only US1.6¢ (black) and US4.8¢ (colour).

Maximise Productivity with Fast Prints

High performance 4-in-1 colour printer that comes with fax functions. Print or copy quick reference documents at a blazing speed of up to 38 ppm/cpm.

From printing your documents to scanning and copying, WF-3521 yields impressive colour print speed with unrivalled efficiency. Not just economical to use, you also get to enjoy the convenience of wireless printing from your PC, laptop or mobile devices.

Wireless Printing with Epson Connect

With Epson Connect, printing documents or photos from anywhere in the world is wireless and effortless.

• Email Print

Print to any Email Print enabled Epson printer from any devices or PC with e-mail access. Email Print features a unique e-mail address assigned to your printer. Simply send your mail to that e-mail address, and your document will be automatically printed. Customise your print settings conveniently at Epson Connect portal using your registered login account.

• **Epson iPrint** lets you print directly from smart devices. You can also scan to your device to send as an email, or upload to cloud services such as Box.net, Dropbox, Evernote® or Google® Doc™.

• Remote Print Driver

Print to a compatible Epson printer anywhere in the world using a Windows PC with the Remote Print driver installed or from an iOS or Android device with iPrint 3.0 and simply print via internet connectivity as if your printer is connected to your device, it is as easy as clicking on File/Print.

For more information, visit <http://epson.xx.xx/connect>

• Scan to Cloud

Scanned files can be uploaded directly to Cloud services without the hassle of going through a PC, making storage and sharing easy. Scanning directly to an email right from your printer can also be done with this feature.

Other mobile solutions:

• **Apple® AirPrint™** enables easy wireless printing from your iOS devices.

• **Google Cloud Print™** allows you to print with Gmail™ or Google Docs account either from your smart devices or Google Chrome Browser on PC.

Low Cost Individual Ink Cartridges

Built for optimum affordability, Epson genuine ink cartridges deliver impressive print quality and efficiency. With the all-new 143 inks that lower running costs and maximise savings, enjoy economical printing at as little as US1.6¢ per page. With our individual ink cartridges, replacement is easy, quick and hassle free.

Maximise Productivity with Fast Print Speed

With a draft print speed of up to 38 pages per minute (ppm), duplex speed of 7.9/5.7ppm (Bk/Col) and laser-like speed of 15/9.2ppm (Bk/Col), waiting time will be significantly reduced. Printing and copying documents have never been easier.

Wi-Fi/Ethernet-Accessibility

WF-3521 can be shared within your work group with its Wi-Fi/Ethernet function, increasing efficiency and productivity through seamless connectivity.

Faxing Made Easy

Sending and receiving faxes is now a breeze with 30-page automatic document feeder (ADF) and 100-speed dial feature. It features a 180-page fax storage memory, ensuring that all your incoming faxes will be received securely. WF-3521 also includes Broadcast Fax and PC-fax function that allow you to send multiple documents simultaneously through your computer.

Ease of Use

WF-3521 comes with a one-sheet rear feeder tray capable to support a variety of media, including labels, thick paper, envelopes and special photo paper. Additional features include:

- **ID Copy**

Impeccable copy feature that makes it easy to print out both sides of an ID card onto a single sheet of paper with ease.

- **Integrated 2.5" colour LCD panel**

Enables easy navigation across various standalone functions that allow monitoring of printer and cartridge status, Eco mode selection, Scan-to-Cloud and Help menu.

- **Built-in memory card slot**

Enables printing and scanning straight to memory card or USB without the hassle of going through a PC.

- **PictBridge technology**

Print photos directly to your printer simply by connecting your compatible digital camera into the USB port.

Quality and Lasting Prints with Epson DURABrite™ Ultra Inks

WF-3521 is ideal for workgroups that require volume printing with fast performance, high reliability and printer durability with max monthly duty cycle of 12,000 pages*. DURABrite Ultra Ink's versatile, pigment-based, 4-colour ink technology delivers brilliant, fast drying, long-lasting prints on plain and photo paper. Professional print quality is now possible with this smudge, fade, water and highlighter resistant ink.

*The maximum number of printed pages per month based on the performance capabilities of the printer, including ISO rated print speeds and paper handling capabilities.

Better Products for a Better Future™

Compliant with Energy Star standards, WF-3521 saves on power consumption by up to 70% lower than conventional laser printers*.

And with Eco Mode function, three energy-saving options are available:

- 3/5/10 minutes sleep mode timer
- Auto duplex
- Copy preview

Weight: 9kg (19.8lb)

*1 Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

*2 When printed on Epson Premium Glossy Photo Paper.

*3 Otherwise 3 mm top, left, right, bottom.

*4 In accordance with ISO 24711/24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridges is used for priming the printer. Ink is used for both printing and print head maintenance. All inks are used for both black and colour printing.
