Small in size, big on precision, the Epson SureLab SL-D830 prints with added speed without compromising on the quality of production. Taking up no more than 460x430x354mm in space, its compact size fits most spaces. Engineered with the advanced Micro Piezo™ printhead technology and Variable-Sized Droplet Technology, expect prints at faster speeds, and of the highest quality.

### Versatile Media Sizes

Epson's inkjet technology allows printing professionals to develop their business by improving the flexibility of print sizing. The Epson SureLab SL-D830 now supports printing on 3.5" media and with a high productivity rate that prints up to 360 sheets per hour\*. Be empowered to print on multiple sizes from 89mm to 210mm wide, and from 50mm to 1000mm long, giving you maximum printing capabilities for different tasks. Additionally, the printer driver effortlessly integrates with any Mac or PC software of your choice, without incurring the costs of integration to your current work system.

### Scalable Business Solutions

Enjoy scalability with full support for expansion with other Epson business solutions. Depending on your business requirements, choose from a myriad of Epson products that work together perfectly with the Epson SureLab SL-D830 to create a full system: from self-service kiosks to full printing studio solutions.

### Rich Colours

Utilising Epson Micro Piezo™ printhead technology, achieve vivid prints with Epson's UltraChrome D6r-S ink set, providing a wider colour gamut than silver halide, and intense blacks to ensure irresistible quality and endurance. Expand the number of print possibilities with a variety of supported paper surfaces.

### Dedicated and Assistive Software

With Epson's proprietary SureLab OrderController software, you are empowered to easily manage print jobs and rapidly correct minor image flaws. When paired with the optional add-on SureLab LayoutManager, you can be sure that the machine's maximum capabilities are at your fingertips. Epson OrderController also supports automated order input from connected kiosks.

### Greater Productivity

To ensure that the Epson SureLab SL-D830 brings you next-level productivity, design changes were incorporated to enable increased efficiency. With an improved spindle design coupled with an intuitive two-step media roll change, media rolls are now easily mounted or removed. Additionally, the all-new rigid print tray offers a sturdy solution to stack print-outs from 2 to 12-inch in length.

### Miniature Footprint

Taking up only 0.19m², the Epson SureLab SL-D830 promises not to take up valuable extra space. Place it on a desktop, kiosk, or combine several printers to form a mini dry lab.
